Fort Wayne Democratic Club—Meeting in Olympia Band hall, Tri-State block

The gold democrats who met in Indianapolis appear to regard the open door in politics as the paramount issue.

We fancy it was with no ordinary emotions of pleasure that Lord Roberts reported having marched a day without sighting any of De Wet's depredatory column.

To show that it is still the breeding place of mad rot and that China has no monopoly of the boxer business New Orleans is showing what it can do in the way of an old time "nigger hunt."

In the heat of excitement over China it is being almost overlooked that a Central American republic is now having its annual field day and frolic with a revolution and a casualty list that exceeds the Spanish war record of dead and wounded

The Texas populists bowed their platform copyrighted to forestall democratic infringement might go a step farther and make the whole lay out a cinch by taking out a patent on Wharton Barker and Ignatius Donnelly However, there might be difficulty establishing the utility of the contrivance

In the absence of any statement to the contrary in Inspector Bristow's report on the Cuban frauds it may reasonably be presumed that Neely and Rathbone did not remove the island itself from its customary location on the map But they do not seem to have overlooked anything that would be classed in the category of what the practical and philosophical Wemick viewed as "portable property."

Mayor Scheer has declared he will have arrangements made to sound a curfew signal each evening at the proper hour and will enforce the law We hope he will. The hour prescribed by the ordinance is late enough for any boy or girl to be upon the streets without some proper errand or unaccompanied by an older person. The purpose of the law is not to restrict the measure of liberty proper to any girl or boy and enforcement of the ordinance will not. The law will bear only upon those whom it is expressly designed to reach. With parents who have a proper regard for their duties as parents the curfew law has nothing to do, but with those who are indifferent to or wholly negligent of the welfare of their boys and girls the law has all to do in its function as a rational police regulation.

HOPE IS FADING.

The receipt at Tien Tsin of a letter written July 4th by Minister Conger at Pekin is having the effect of destroying the hope raised by the undated dispatch received in cipher from him a few days ago and at that time believed to have been transmitted from Pekin July 18th It is now believed, and with some reason, that dispatch and letter were of the same date That the dispatch should have come about the time one was expected in response to Secretary Hay's urgent demand upon the Chinese government for word from our minister is a coincidence presenting no unusual features If the dispatch was sent July 4th it had probably been intercepted by the Chinese and when this government demanded on July 11th that this government be put in communication with its minister Conger's intercepted message was under the circumstances the most fortunate and convenient thing imaginable for the Chinese government There are many facts which, taken together, give the worst possible color to the situation The notorious duplicity of the Chinese character and the smooth trickery and consummate evasiveness of Chinese diplomacy go far to sweep away the bolsters of hope that the foreigners in Pekin are living for there is nothing recent upon which the hope is based save assurances of the Chinese The conviction is settling down upon this nation that the foulest crime of the century has been perpetrated in Pekin and there is no gainsaying that the entire situation presents today a more ominous aspect than at any time since the boxer outbreak began to provoke the apprehension of the civilized world.

NO BOERS IN SIGHT

London, July 26—Lord Roberts reports to the war office, under date of Balmoral, July 25, as follows

"We marched here yesterday without seeing the enemy The Boers on July 24 engaged French and Hutton six miles south of Balmoral While Alderson's mounted infantry attacked the Boers' right, French made a turning movement around their left Seeing their retreat threatened the Boers broke and fled. French and Hutton followed and proposed to cross Olphants river today at Naauwpoort Our casualties were one wounded"

WILL ECLIPSE ALL

BIG ENCAMPMENT HERE IN SEPTEMBER.

THOUSAND TO BE CARED FOR

COMMITTEES REPORT THAT MANY PEOPLE

DO NOT GRASP ITS MAGNITUDE

PROGRAM COMMITTEE NAMED LAST EVENING.

The general committee, to whom is entrusted the preparations for the national encampment of the Union Veteran Legion to be held in Fort Wayne in September, held a meeting last evening at the headquarters in the Arcade to push forward the preliminaries for this great gathering. The work is going forward, so far as the various committees are concerned, in a most satisfactory manner, and members of all the sub committees are devoting much time and energy to this labor of love and civic pride.

It was reported to the committee last evening from several sources that a widespread misapprehension seems to exist regarding the nature and magnitude of the gathering which Fort Wayne is to entertain in little more than six weeks. The various canvassing committees state that a large percentage of the people of the city do not seem to realize what a tremendous assemblage of visitors will be in Fort Wayne at that time, and the committee believes the sooner a more correct idea of the national extent of the meeting can be impressed the more hearty will be the response Otherwise there is danger that the great floods of humanity may reach Fort Wayne and find its people wholly unprepared to care for the big gathering properly.

OF VAST MAGNITUDE.

The national encampment of the Union Veteran Legion is not a regiment reunion, but an annual meeting of a great national society of veterans numbering many thousands of gallant defenders of their country's flag The Fort Wayne meeting will bear precisely the same relation to the U. V. L. as does the big encampment to be held in Chicago next month sustain to the Grand Army of the Republic.

There will be many thousands of members of the U V L. come to attend the annual meeting of their society, aside from the countless thousands of other visitors who may come to enjoy the pleasures prepared for their entertainment by the people of Fort Wayne. The ladies' auxiliary to the U V. L will also meet here at the same time for its annual session. The annual reunion of the One Hundred and Fifty-seventh regiment of Indiana volunteers, who served in the Spanish-American war, also convenes in Fort Wayne on the same dates There should be no underestimating the magnitude of the work of entertainment Fort Wayne has undertaken. It is certain to be the largest gathering ever held in Indiana, with the possible exception of the national G A R. encampment in Indianapolis a few years ago. The committee desires to impress upon the people of Fort Wayne the absolute necessity of concerted action in caring for this national meeting in order that the visit of every guest may be pleasant, his stay comfortable, and that the city's reputation for hospitality may not suffer It is believed that at least one hundred thousand visitors will be here, and the list will include President McKinley, prominent candidates, army and navy commanders, governors of several states and men of distinction in every branch of national life.

COMMITTEE IS CHOSEN.

At the meeting last evening a committee on program was selected and this committee is composed of P. A Randall, chairman; John B. Reuss, John H Rohan, John Mohl, J. C. Jackson, L. C Zollinger, Harry Pickard, Alexander Johnson, J V. Reul and Allan H. Dougall. The committee will arrange a program for each day of the encampment, including the receptions, parades, drills, camp-fires and entertainment features. As soon as this committee makes its report the official program of the encampment will be issued. The ladies' auxiliary will be represented on the program committee in arranging those portions of the program which affect the sessions of the auxiliary.

A meeting of the invitations committee will be held on Friday evening.

HIS ARREST NEXT.

RATHBONE LIKELY TO SOON BE IN CUSTODY.

RESULT OF INVESTIGATIONS

BRISTOW REPORTS ON THE CUBAN SCANDALS.

THE FACTS ARE LAID BARE

NEELY'S STEALINGS REACH APPALLING FIGURE.

Washington, July 26. Now that Fourth Assistant Postmaster General Bristow's report has been made public, the arrest of ex-Director General of Posts Rathbone at Havana may soon follow. It is intimated at the postoffice department that the delay in arresting Mr. Rathbone has been due to a desire to await the statement of the results of Mr. Bristow's investigation and also to a wish to give Mr. Rathbone every opportunity to explain items which the report says are unaccounted for. Postmaster General Smith and Fourth Assistant Bristow decline to discuss the matter. The postmaster general's letter of transmittal of the report to Secretary Root calls particular attention to two important points in the case against Mr. Rathbone on which the latter's expected arrest probably will be mainly based. In this letter Mr. Smith says:

"It further shows that E. G. Rathbone, late director general of posts, drew two warrants of $500 each, on which he himself obtained the money, and that no account or explanation has been rendered; that he appropriated a per diem of $5 per day for several months after it had been expressly prohibited by the postmaster general, and that he incurred extravagant and unjustifiable expenditures of a personal character, making them a charge upon the postal revenue."

BRISTOW'S REPORT.

Washington, July 26.—Fourth Assistant Postmaster General Bristow's report detailing conditions as he found them in the Cuban postal service was made public last evening, and reveals the existence of a state of affairs almost without a parallel. Mr. Bristow does not spare any of the minor thieves like Neely and his confederates. He also makes complete exposure of Rathbone, the director general, who was suspended last month.

The report, as given out for publication, however, is only a synopsis of the actual report written by the fourth assistant postmaster general and it does not contain a great many things of unusual interest. It does not contain even a reference to a letter written by Perry S. Heath, who gave up his job as first assistant postmaster general to become secretary of the republican national committee, in which Mr. Heath extols the good qualities of Neely and urgently recommends him for promotion There is other correspondence of equal importance and interest bearing upon a variety of matters in connection with the management of the insular postal service, but it has all been suppressed.

Later it will be turned over to the Cuban committee of the senate, which was authorized by the senate last month to make an investigation of the Cuban scandals. When that time comes around election day will have passed and it will be a matter of indifference to the persons most concerned whether the correspondence is published or not.

FINDS $131,713 EMBEZZLED.

General Bristow maintains his record as a straightforward official by the severity with which he handles the dishonest officials of the service, and especially Rathbone, who was the friend and protege of Hanna. The report follows:

Mr. Bristow finds that Neely's embezzlements aggregated at least $131,713, and says he was justified in recommending the removal of Director General Rathbone. There is no doubt that in the matter of unauthorized per diem allowances, personal expenses and warrants cashed and unaccounted for he unlawfully appropriated to his own use money of the Cuban revenues. For this, Mr. Bristow says, he believes Mr. Rathbone should be required to answer.

Mr. Bristow explains that the bureau of finance inaugurated by Director General Rathbone, of which Neely was appointed chief, was started July 7, 1899. This bureau was charged with the custody of all stamps and postal supplies. The division of postal accounts, changed July 1, 1899, to a division of the auditor's office, was in charge of Dr. W. H. Reeves, who was appointed by the secretary of war. The report says that no accounts of the unbonded postmaster were required, remittances being entered as cash sales, as the only information the auditor's office had of these transactions came from Neely himself. From the acounts examined the report says the minimum of Neely's embezzlements may be summarized as follows: Shortage as shown by his own records, $30,000; excess of credit by destruction of surchaiged stamps definitely ascertained, $101,113; total, $131,713. This will be increased by the discovery of additional sales of surcharged stamps, but will not exceed $150,000 in the aggregate.

RATHBONE APPOINTS HIS MEN.

The report says that Rathbone appointed Neely, who had custody of the stamps; Reeves, the only man who could have a check on Neely's transactions, and Dr. Warfield, chief of the bureau of registration, a commission to destroy the surcharged stamps of which Neely had received $522,000, and that Neely and Reeves entered into a conspiracy to report a larger quantity of stamps destroyed than were actually destroyed.

The connection between Neely and the Neely Printing company, of Muncie, Ind., of which he was proprietor before he went to Cuba, is then explained. The alleged sale of the plant of his company to Cowan, Neely's business associate, the report says, was not a bonafide transaction. The books of the printing company show it received for printing $7,937, while the bills paid and the money order records at Muncie show $2,131 more than the amount indicated by the books was paid. Some of the bills were paid twice. Rathbone, when asked why he approved these accounts, said he did not know until after Neely's arrest that any printing was done at Muncie.

CHECKS HARD TO EXPLAIN.

The department of posts purchased from the Keyless Lock company, of Indianapolis, $14,874 worth of furniture. This company paid Neely $3,292 in two checks—one for $2,972 and the other for $320.

When Neely was assigned to duty in Havana January 7, 1899, his salary was $1,800. In ten months he had deposited $37,809 with the Union National bank, of Muncie. Neely invested $32,500 in speculative Cuban ventures during the same time. The report continues:

"C. M. Rich claims to be innocent, but he at least had knowledge of Neely's embezzlements long before he claims to have told Rathbone Neely was crooked. Reeves confessed that Neely paid him $4,600 for concealing the fraud in the destruction of the stamps. Both Rich and Reeves protest against any criminal designs."

RATHBONE MADE MONEY.

December 21, 1898, when Rathbone was appointed director general of posts his salary was fixed at $4,000. At his request the postmaster general allowed him a per diem of $5 in addition. He claimed this was not sufficient, and June 19 the postmaster general increased the salary to $6,500, with notification that with the increase the per diem would cease. July 3 Rathbone complained that the increase amounted to $675 and asked for an official residence. This also was allowed. December 19 the postmaster general officially fixed Rathbone's salary at $6,500, making it effective August 1. But, although the per diem was cut off, Rathbone drew $1,365 fraudulently. The bills rendered for furniture for the official residence, the report says, contain many items such as charges for trunk, gloves, dog collar, overcoat, hats for coachman, boots for footman, shirts, collars and cuffs for coachman, etc.

When the character of these purchases became known to the postmaster general he wrote to Director General Rathbone as follows:

"I have today for the first time seen certain of your bills as director general of posts, which were brought here by Colonel Barton. Some of these bills are not only without authority or justification, but are scandalous and never should have been passed or paid. The auditor, who is responsible to a different department, was inexcusable in allowing them and your action in presenting them for allowance was grossly reprehensible. Without waiting for a review and reconsideration of these bills by a rightful audit, you should at once reimburse to the island treasury the sums thus improperly paid."

ACCUSED OF EMBEZZLEMENT.

Rathbone made numerous trips accompanied by his family, and his expense accounts covered the entire expense of his family. The report also calls attention to a warrant for $500, drawn by Rathbone June 30, 1899, for which no accounting was made, and another warrant drawn in May of the same year. It says: "There stands against him, therefore, the charge of unlawfully appropriating $1,000 of the Cuban postal funds for his own use."

The report also calls attention to many large expenses by Rathbone for which no vouchers were filed, although they could have been easily obtained. Such items as "repairs, $250," "freight, $450," appear.

Regarding collusion between Neely, Rathbone and Reeves the report says: "General Rathbone has been engaged in the government service many years. For him to approve such accounts renders him equally guilty with Neely. The total amount of these miscellaneous expenditures was $6,290. A part of this was probably legitimate, but a large part was doubtless fraudulent expenditure, for which Rathbone, Neely and Reeves are equally responsible."

The report finds that Rathbone's expenditures in the payment of debts and living expenses were much in excess of his salary; that in September and October, 1899, within thirty days after the destruction of the surcharged stamps, Rathbone paid over $3,000 indebtedness.

RECOMMENDS REMOVAL.

The report closes as follows: "Director General Rathbone maintains that he is innocent of wrong doing. Granting that what Director General Rathbone states is true, he convicts himself of the grossest carelessness in the administration of the affairs of his office or of an utter incapacity to comprenhend its duties and responsibilities. But carelessness cannot account for the drawing of fraudulent per diem, unwarranted personal expenditure from the postal revenues, nor for the cashing of warrants and a failure to account for the money received thereon.

"Whether Director General Rathbone was guilty with Neely in the embezzlements endeavored to be covered up by the destruction of surcharged stamps is at this time a question more of opinion than proof, but there can be no doubt that in the matter of the per diem, personal expenditures and the warrants which were cashed and the money unaccounted for he lawfully and fraudulently appropriated to his own use money from the Cuban postal revenues. Neely, Reeves, Thompson, Meyen and Mescaro are now under arrest and Rich is held as a government witness.

"From the information obtained by this investigation, which I have endeavored to set forth in the foregoing pages, it is my belief that I was justified in recommending the removal of Director General Rathbone from office, and I further believe that he should be required to answer for fraudulently and unlawfully appropriating to his own use moneys from the postal revenues of Cuba."

LABOR DAY PROGRAM.

The committee of the Trades and Labor Council in charge of the Labor day celebration held a meeting Wednesday evening to hear the reports of various sub-committees. The ice cream social committee reported a profit of $60 from the social held some time ago. Ed. Miller was appointed to solicit for the Labor day program. The amusement committee was voted $250 for the attractions at Swinney park, exclusive of bands. There will be nine performances, aerial wire work, balloon ascension and parachute drop, high diving, tight wire bicycle acts and others. The committee on parades reported thirty responses from business men, although the circulars have been out but three days, and the parade promises to be a big one. There will be a number of speeches by local spakers, and efforts are being made to secure a number of prominent speakers from out of town.

WAS IT A MIRACLE?

"The marvelous cure of Rena J. Stout of consumption has created intense excitement in Cammack, Ind.," writes Marion Stuart, a leading druggist of Muncie, Ind. "She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured." It has cured thousands of hopeless cases, and is positively guaranteed to cure all Throat, Chest and Lung diseases. 50c and $1.00. Trial bottles free at Dreier Bros.' drug store.

Railway freight rates in Austria-Hungary have been advanced sharply, on the ground that the rise in coal has unduly increased operating expenses.

IT SAVED HIS LEG.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by Dreier Bros., druggists.

OPINIONS OF BUSINESS MEN.

Rev. E. W. Allen's service at the Temple theater on Sunday evening will be full of interest for every one, especially business men. Mr. Allen has addressed two questions to many of the business men of Fort Wayne—first, "Why do so many men of good moral and business standing maintain an attitude of indifference toward the church?" and second, "Do you think, in view of our present methods of business, that a man can be a conscientious Christian and at the same time succeed in business?" Rev. Allen has received many replies to these queries, which have been sent with great candor. Many of these will be read at the Masonic Temple Sunday evening, Mr. Allen accepting the confidence reposed in him by withholding all names. The answers will reveal some strong and positive convictions which many business men today have with reference to the church. The people at the Temple next Sunday evening will be given an opportunity to hear these opinions of the business men of Fort Wayne and consider how many of them reveal the truth.

The Fort Waynes yesterday administered the sixth consecutive defeat to Pat Wright's last year's champions Beginning at New Castle last Friday the teams have played six games, every one of which has been a victory for the Hoosiers simply because the team is the strongest and outplayed the champions at every point Otto Krueger went home Tuesday evening on a day's visit and the necessitated a change in the lineup yesterday Hollingsworth going to short Brashear to second and Kleinow to first base Hollingsworth especially played a wonderful game, accepting eleven chances without an error Brashear did well at second and Kleinow was not a failure at first, although he did forget to touch first on a double play, straddling the bag when Brashear threw to him But as Colgan gave the out Kleinow's forgetfulness cost Fort Wayne nothing New Castle however, would have had one more run had Colgan given the visitors the decision Harper and Figgemeier pitched effective ball The Quakers' errors counted six runs, while Harper had one bad inning

Fort Wayne scored three runs in the first inning on singles by Letcher and Miller, Belden's force of Miller at second Frank Miller's error and Hollingsworth's two-bagger In the third Doggie Miller scored on two errors by Keenan and two outs The fifth run came in the fifth inning, when Brashear doubled and was out at third on Miller's hit, Doggie" reaching second while Brashear was being run down He scored on Belden's hit

New Castle scored two runs in the seventh on base on balls, a two-bagger and three singles Score

NOTES OF THE GAME.

"Whitey" Cuese will pitch the game Sunday for Youngstown against Fort Wayne

Tim Flood will rejoin the Clevelands tomorrow and resume play at second base

Steve Griffin will probably finish the season with Jack Glasscock's Sioux City team.

The Standard base ball club will give a social this evening at the ball grounds, corner of High and Sherman streets.

Rube Waddell has been farmed to Milwaukee and Jouett Meekin has been released by the Pittsburg management.

Dick Smith, the fast Fort Wayne amateur, sat on the New Castle bench in uniform yesterday ready to go behind the bat if Latimer was compelled to quit.

Hollingsworth has all the players in the Inter-State beaten as a general player His infield work this season has been simply phenomenal and as a catcher he has few superiors

Stahl made two hits yesterday, but his only fielding chance was an assist. Boston scored thirteen runs in the first inning The record for runs in one inning was made by Chicago fourteen or fifteen years ago— fourteen

A big benefit is being arranged for Harry Weldon, sporting editor of the Cincinnati Enquirer There will be a ball game between members of the theatrical and newspaper profession and sparring matches participated in by all the champions of the prize ring Mr Weldon is still confined to his home and friends expect to realize a big sum of money for him.

The Toledo correspondent of the Cincinnati Enquirer says: "Instead of offering sympathy to Toledo, Dayton may need all her surplus sympathy for herself inside of the next two weeks Both Toledo and Fort Wayne are thundering on the heels of the Old Vets, and Wheeling is close in the procession, so look for Dayton's trouble Her pitchers cannot win always for her. The heavy batters in the opposing teams will learn to solve the mysteries of her pitchers, and then it is all off Just watch my prediction and see if Toledo and Fort Wayne don't gallop past Dayton in a canter in the next two weeks, and possibly Wheeling To hear Dayton crow a person would imagine they had already won the pennant, when they are liable to quit the season no better than fourth. The Dayton people will have to reckon with Fort Wayne for that pennant, even if Toledo is put out of the running. The outlook as it now stands is that Toledo and Fort Wayne will be the teams who will engage in the great and desperate struggle for the pennant The Hoosiers are the gamest lot of ball players in the league, and never say die"

THE MARKETS.

Chicago, July 26.—Trade in wheat during the forenoon was quiet, but the market, which opened firm under the encouragement of a high Liverpool market, turned quite weak. Southwestern interests sold on the expectation of heavy receipts of winter wheat and local traders let go on the lack of outside demand. September opened 1/8c to 3/8c to 1/4@1/2c higher at 75 1/4c to 76c and sold off steadily to 74 7/8c. Receipts here were 135 cars, 32 of contract grade. Minneapolis and Duluth reported 235 cars, against 234 last week and 382 a year ago.

An improvement in the cash business helped the market later. September, after sagging to 74 1/4c, recovered to 75 1/4c and closed firm, 1/8c over yesterday at 75 1/8@75 1/4c.

Corn was quiet and rather irregular. September opened a shade lower at 37 1/4c to 37 3/8c, touched 37 1/8c, declined to 37 1/4c and recovered to 37 3/8c. Country offerings were light and holders disposed to hang on. Receipts were 302 cars.

The closing was firm, September a shade lower, at 37 3/8@37 1/2c

Oats were quiet and easier in sympathy with wheat. September opened unchanged at 23c and sold off to 22 1/2c, where the market met support. Receipts were 145 cars.

There was a light trade in provisions during the forenoon. The market drew a tone of uneasiness from the large receipts and lower prices at the yards September pork opened 10@10 1/2c under yesterday at $11 65@11 67 1/2, and sold off to $11 55; September lard opened 2 1/2@5c lower at $6 70@6 72 1/2, closing later to $6 67 1/2, and September ribs 2 1/2@5c down at $6 85@6 87 1/2, dropping to $6 82 1/2.

THE DAY ON WALL STREET.

New York, July 26.—Selling to realize was still in evidence this morning and added to sympathy with the London depression. This caused fractional declines in the majority of stocks. Baltimore and Ohio and the New York Central led the downward course. There were a few exceptions on the side of gains, and the offerings were in small volume In some stocks there were further recessions from the opening figures. Metropolitan Street Railway broke 2 1/2, but rallied strongly when Sugar, Tobacco and Brooklyn Transit moved up above last night Dullness became more marked on the rise and the gains were not well held.

Although the buying demand was at a minimum and confined to a few specialties, the bears made no efforts to depress prices. Towards midday there was a substantial rise in Sugar, Tobacco and Brooklyn Transit, but it was poorly held. These stocks absorbed all the speculative interests of the forenoon

Bonds were sluggish and unsettled

May Order Flange Rail Laid West of the Bridge Judge Says City Must Be Reasonable.

City Attorney Shambaugh and Hon. J. M. Barrett, attorney for the Fort Wayne Traction company are home from Indianapolis, where they yesterday appeared before Judge Baker, of the United States court, and argued the rights of the city in the matter of relaying the rails on the Lakeside street railway Mr Shambaugh was desirous of filing an intervening petition and thus have the city made a party to the suit, but Judge Baker would not receive the petition until it was shown that the city would be injured by the laying of the "T" rail He heard the arguments submitted by the attorneys for both sides and finally announced that he would not change the order for a "T" rail as far as Lakeside was concerned, intimating that it would be many years before traffic in that part of the city would be large enough to endanger the pavements As to the tracks west of the bridge, Judge Baker said he would hear more evidence He stated that he would not consider the groove rail, but would give the city five days in which to show the character and benefits of the flange rail. The judge agreed with Mr. Shambaugh in his contention that the section of the franchise referring to rails meant that the board had a right to determine the kind of rail when relaid, but held that the board must be reasonable If there was some new rail which cost two or three times as much as a first class rail he did not believe the board had a right to order the use of the new rail unless it was demonstrated that it was much better than the old and the interests of the city demanded the change He said, too, that he was inclined to rule in favor of the city if it could be shown that a better rail than the "T" rail was necessary, but in his investigations he found that nearly thirty miles of "T" rails had been laid in Indianapolis during the past few years and he was of the opinion that the Indianapolis officials were as careful of the interests of its citizens as were the officials of Fort Wayne

No decision was reached as to the rail to be laid west of the bridge and no order was made that no rails be laid west of the bridge until the court had heard evidence on the flange rail Mr. Barrett informed the court that the company had already purchased "T" rails, and Judge Baker answered that they were purchased too soon, in fact, before the order for the improvement was made by the court

City Attorney Shambaugh informed The Sentinel this morning that he would bring the matter to the attention of the board of works at the regular meeting tonight He did not know what action would be taken, but it is probable that the board will secure evidence as to the necessity for a flange rail and submit this evidence to Judge Baker next Monday The one fact settled yesterday was that the "T" rail will be laid in Lakeside

It cost $48 for a couple of citizens of Guthrie, Oklahoma, to settle at law the question of a difference of 5 cents. While deciding for the defendant the court assessed the $48 equally between the parties. But that is not the end of it. The plaintiff has appealed his case.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS PINKHAM I am a great sufferer have much trouble through the lower part of my bowels and I am writing to you for advice Menses are irregular and scant I am troubled with leucorrhœa and I ache so through my back and down through my loins I have spells of bloating very badly, sometimes I will be very large and other times very much reduced Mrs CHAS. E Johnson box 33, Rumford Center, Maine Nov 9 1897

Improvement Reported December, 1897

"DEAR MRS PINKHAM I wish to tell you that I am improving in health I am ever so much better than when I wrote before The top of through the lower part of bowels is better and I am not bloated so badly I was so very much swollen through the abdomen before I took Lydia E Pinkham's Vegetable Compound I still have a feeling of fullness across my chest I have used three bottles of it and am on the fourth —Mrs CHAS E JOHNSON Box 33 Rumford Center Maine Dec 5 1897

Enjoying Good Health June, 1899

"DEAR MRS PINKHAM —Since I wrote you I have been taking your medicine, and am now strong and enjoying good health I have not been so well for three years and feel very thankful to you for what Lydia E Pinkham's Vegetable Compound has done for me I would advise all who suffer with female troubles to try your medicine — Mrs CHAS E JOHNSON Box 33 Rumford Center Maine June 5 1899

Mother's Love

Is boundless. Yet it is utterly helpless to give strength to the child born with a low vitality. The time to give strength to the child is before birth and to impart this gift the mother herself must be strong Dr Pierce's Favorite Prescription gives strength to mothers. It preserves them in robust health in the months before baby comes. It practically does away with the pains of motherhood, and enables the mother to endow her child with a healthy body and a happy disposition "Favorite Prescription" contains no alcohol and is absolutely free from opium and cocaine.

"I consider Dr Pierce's Favorite Prescription the best medicine made" writes Mrs Mary Murrill, of 201 Van Buren St Topeka Kansas "I know it has no equal I am the mother of ten children and I only one living—the tenth one—but it is one you would and was well and hearty as can be She is a beauty Of my other babies, some were born at right time, but dead others were premature births, one lived to be one year old but she was always feeble I tried different doctors but none of them could tell what my trouble was I was examined by surgeons but they found nothing wrong I did not know what to do, so I thought this last time I would try Dr Pierce's Favorite Prescription I took it the entire nine months and now have a fine baby girl and I can not praise your medicine enough for the good it did me"

Dr. Pierce's Pellets cure heart-burn.

JUMPED OFF TRAIN

J. E. ZEUBLINE MAKES A FEARFUL PLUNGE.

DROPS BETWEEN THE CARS

NEAR BUCYRUS AND IS INSTANTLY KILLED.

FREIGHT HOUSE FOREMAN

HARRY J. ACKER WILL SUCCEED E. T. DAVIS.

A passenger on westbound Pennsylvania train No. 21 deliberately plunged to his death two miles east of Bucyrus, O., this morning, while the train was running at the rate of fifty miles an hour. The unfortunate man was J. E. Zeubline, general manager of the Chicago Telephone company, and his act was evidently that of intended self-destruction. He had been east and in company with his wife was en route to his home, apparently in good health and spirits. Mr. and Mrs. Zeubline had just finished their breakfast in the dining car when he arose and started for the sleeper. When he reached the exit he opened the vestibule door and plunged head foremost to the ground The deed was witnessed by the porter and some of the passengers and Conductor Ginty was notified. That gentleman immediately stopped the train, picked up the lifeless body of the man and took it to Bucyrus, where it was turned over to the coroner. The body fell in a manner to escape the wheels and was not badly mangled, though it is believed that death was instantaneous. Mrs Zeubline is nearly crazed with grief and is utterly unable to account for the deed After the coroner holds an inquest the remains will be taken to Chicago for interment.

NEW FREIGHT HOUSE FOREMAN

Harry J Acker, who is to succeed E T. Davis as Pennsylvania freight house foreman, arrived in the city last evening and is now being introduced to the patrons and attaches of the department, prior to assuming the duties of his new office next Wednesday, when Mr. Davis becomes foreman of the company's Indianapolis freight house. Mr Acker comes from Altoona, where he was the general foreman of the freight house. He has had considerable experience in this line of work and has been in the employ of the Pennsylvania railroad many years. Before going to Altoona he worked in the freight department at Philadelphia fourteen years. Mr. Acker says he will bring his family here as soon as he can find suitable quarters for them.

INSPECTING THE PROPERTY.

W. H Marshall, superintendent of motive power of the Lake Shore and Lake Erie and Western, William White, general master mechanic of the Lake Erie and Western, and F T. Boles, traveling engineer of the latter line, are out on an inspection of the property. They arrived here yesterday afternoon and spent the night here, minutely inspecting the shops and yards last evening and this morning. They left this morning for Peru, over the Wabash road, and will inspect the company's property in that city and elsewhere.

A NEW RESORT.

Col. R. G. Thompson this morning had posted about the country advertising matter for the new resort on the Wabash line, Island Park, which is situated about two miles below Definance, Ohio, on the Maumee river. Hereafter this resort will compete with other similar places within easy reach of Fort Wayne for favors from those seeking pleasure. The Wabash will make a special rate Sunday, the opening day, and will run a special train to Island Park on that occasion.

WINONA EXCURSIONS.

The Pennsylvania sent out two big special trains from this city this morning to carry excursionists to Winona Lake. The first train, ten coaches and a baggage car, which carried the Columbia City Sunday school scholars, the teachers and parents of the children, left here at 6 10 o'clock, in charge of Conductor C. A. Ellenwood and hauled by engine 114, with Engineer Daniel W. Rhoades and Fireman George Vessert in the cab. The second train consisted of twelve coaches and a combination car, in charge of Conductor James Rowan It was hauled by engine 217, with Engineer C. F Somers and Fireman H L Kennedy in the cab. This train took on the Bluffton excursionists at the junction. The company also had a special train from Ada to carry an excursion party to Lima, where they took the Cincinnati, Hamilton and Dayton road for Toledo.

MR QUICK EXPLAINS.

O. M. Quick, who is here for the purpose of securing men to work upon a railway in Wyoming and Colorado, called at The Sentinel office this morning to state that he has been misrepresented in the city. He denies the assertion that he is employing minors without the consent of their parents or guardians, but says that occasionally, through misrepresentation of the young men, cases of this character happen. Mr. Quick says that the company he represents will do just what it promises and letters from those who have gone out there to work substantiate this statement. The company is engaged in building 1,300 miles of railway in Colorado and Wyoming, included being six immense tunnels, and it will require two or three years to accomplish the work. The men who go there to assist in it, Mr Quick says, are guaranteed steady work for two years. Harry Stephens and H Waltmer resigned positions in the Bass machine shop this morning for the purpose of going to Wyoming to work on the road.

A FINANCIAL SUCCESS.

The recent excursion to Robison park given by the Fort Wayne Electric Relief Union, proved to be quite a financial success, notwithstanding the fact that making money was the least desideratum The boys were after pleasure alone, but the handsome increase to the benefit fund of the union is not at all objectionable

INDUSTRIAL NOTES

George Wagner and J. P McCleary Pittsburg brakemen, have taken a week's lay off

H P. Compton and S. W Wass Pittsburg conductors, resumed work yesterday after a short absence

William Madison, foreman of the lathe department of the Pittsburg shops, is confined to his home by sickness

L E. Williamson, a Pittsburg brakeman, is quite sick at his home and will be unable for duty for several days

Two big generators, one for Marion, Ind., and the other for Denver, Col., were tested yesterday at the electric works

Mr. and Mrs Ed Tenny have gone to Chicago for a few days' visit. He is employed as a fireman on the Pittsburg road

George Freeby, who had been sick a week or two, resumed his clerical duties at the Wabash freight house this morning

The Pennsylvania railroad shops at Pitcairn are being extended by the enlargement of the blacksmith and machine shops.

William F Meyers, of the Siemens-Halske works, Chicago, is visiting his father, F. C Meyer, of the Pittsburg machine shop.

Boilermaker John Cleary has returned from the Wabash railway hospital at Peru and is again on duty in the shops in the city.

Mrs. Riley, wife of the Grand Rapids and Indiana conductor, and her daughter, Miss Eldora, have returned home after a visit in Grand Rapids.

The Chicago and Rock Island has extended its harvest excursion date into September, which means that its competitors will take similar action

The Fort Wayne Electric company will soon install a lighting plant at Galatin, Tenn., for which the machinery is now being loaded for shipment.

Jeremiah Delo, who has been agent of the Pennsylvania road at Altoona, has been retired on the pension plan. He had been in the service of the company on July 1 forty years.

Fred Moser and Carl Schlautte., who are engaged in special work at the electric works, have adopted a special style hat to distinguish them from the other workmen at the factory.

A. T. West, operator at the east yard office, is on his track again after several days' absence, and E. R Neeley, who had been working in his place, has resumed his place in the night force.

J. Boone, after a few days' illness, has returned to his work in the Pittsburg shops.

Jacob Waldschmidt, of the Pittsburg shops, resumed his place this morning after a three days' sickness

Mrs. George Ebner, wife of the Pittsburg wreck foreman, is slightly improved, though still quite sick.

Edward, the son of Boilermaker J F Sullivan, of the Pittsburg shops left this morning for South Bend, where he will visit relatives for awhile.

Otto Stoll, of the Biss blacksmith shop, had an eye injured yesterday and will be off duty a few days Richard Remking, of the same shop, is off duty on account of sickness

Leo Cavanaugh, of the Wabash machine shop, is suffering with a wounded eye. A piece of steel lodged in the optic yesterday and Dr M F. Porter was called to remove the metal.

C. Aumann, W. E Wartenbee, E B Moore and A. Viland, of the Pittsburg shops, are sick and off duty A Tasler, of the tank shop, is taking a day off to attend to private business

The Indiana, Illinois and Iowa Railroad company, which purchased the northern end of the Vandalia line, between South Bend and St Joe, has secured a franchise from Benton Harbor for terminals

Conductor John Hibinger and Brakeman James Hamilton, who were on a fishing expedition, resumed their duties on the Nickel Plate yesterday Brakeman C H. Rice, of the same road, reported for duty after being on the sick list.

M R Robinson, yard foreman at the Wabash shops, is somewhat crippled, though still on duty A few days ago he had his right hand slightly injured and later got poison in the wound The member is terribly inflamed and swollen

Conductor Quivey, who had been with the steam shovel on the southern division of the Grand Rapids and Indiana road for five or six weeks has turned the machinery over to the northern division, where it will be placed in service at Kalamazoo

The Grand Rapids and Indiana passenger trainmen have received new uniforms The lapel piece is a keystone, the emblem of the Pennsylvania, and the monogram, G R & I is on the lower portion of the keystone. It is a very pretty design

An effort is being made by the Vandalia to adjust the damages resulting from the recent serious accident at Binghurst, in which a Vandalia engine killed four people and injured a fifth seriously The administrator of the estate has threatened to sue for $25 000 damages

Contractor H. W Tapp said this morning that another week would witness the close of his work on the double-track portion of the Pittsburg road This has been one of the most extensive contracts of recent years in this part of the country and Mr Tapp has crowded it along in a most creditable manner

Officials of the Baltimore and Ohio have issued orders that all passenger men must report thirty minutes ahead of train leaving time and to be uniformed, ready to receive passengers fifteen minutes ahead of time for the train to depart The practice of putting up flags and markers after commencing to receive passengers is to be abolished

Engine 201, known by the Nickel Plate employes as house engine because it is employed in switching at the warehouse, has gone to the shops at Stony Island for repairs and engine 40 has taken the vacated place in the service Road engine 30 has also gone to the shops for a general overhauling

Engineers J E Quinn and William Haenel, of the Nickel Plate; Mrs Quinn, Mrs. Haenel, Miss Romey Miss Agnes and Charles Haenel, who formed a pleasure seeking party to Detroit and the resorts thereabouts returned home yesterday. They were very successful in their object and say they never enjoyed a more pleasant trip.

A large and powerful express passenger engine has just been completed by the shops of the Pennsylvania at Altoona It will be known as class E-2, and if its performance is satisfactory more will be built of the same type The driving wheels are eighty inches in diameter, the cylinders 20½x26 inches and the fire box is unusually long and wide

The men employed in the several shops of the Southwestern system of the Pennsylvania company lines will hold an athletic tournament at Terre Haute August 25. The railway company will provide the employes with transportation for themselves and the immediate members of their families and also with special trains wherever such service is necessary. It is expected that several thousand people will attend the event

Many friends in this city of Mrs E E Rogers will be pained to learn that that lady is dangerously ill and was taken from her home in Tipton to a hospital in Indianapolis today for a surgical operation of a most difficult character The lady is a sister of Mrs B F. Stonecifer who will go to Indianapolis tomorrow to remain until the crisis passes Mr. Rogers is a conductor on the Lake Erie and Western road. Five years ago he was employed in that capacity in the local freight department on the Fort Wayne end of the line and lived in this city He and his estimable wife are well known here

The experiments of the Baltimore and Ohio Railway company to test the atmospheric resistance in impeding the motion of a fast running train were in the main quite satisfactory With an engine tender and six cars, with all external projection and obstructions removed, the company's ordinary fifty-seven-ton engine with seventy-eight-inch driving wheels and twenty by twenty-four inch cylinders ran from Baltimore to Washington, forty miles, in thirty-seven minutes and thirty seconds The five miles between Alexandria Junction and Trinidad were covered in two minutes and fifty-five seconds, or at a speed of 102 8 miles an hour; a distance of 20 1 miles, part up grade, was covered at an average speed of 78 6 miles an hour The Baltimore and Ohio people claim that this is the world's record of railway speed

INSURANCE MEN'S SESSION

INDIANA AGENTS OF OHIO FARMERS AT WINONA.

Election of Officers is Disposed of and a General Good Time Was Enjoyed.

Winona Lake, Ind., July 26.—The Indiana Agents' assoication of the Ohio Farmers' Insurance company adjourned Wednesday afternoon after a two day's session at Winona Lake, it being their sixth annual convention. The following officers were elected: President, J. Parmenter, Wabash; vice president, M. W. Moore, Huntington; secretary and treasurer, R. F. Scudder, Rushville. The new executive committee is: W. C. Burdette and C. W. Oaks, Indianapolis; George N. Cobb, Muncie. The convention will be held next year in Indianapolis. Over 100 members with their wives and lady friends, were present, and many will remain a week or so to enjoy a pleasant outing at Winona.

Senator James M. Barrett, City Attorney Shambaugh, Attorney Alden and Colonel Scott, manager of the Fort Wayne street railway, all of Fort Wayne, came down to Winona yesterday to spend a pleasant day, en route to Goshen, to conduct an important law suit.

Mrs. Sam P. Jones, of Cartersville, Ga., with her two daughters, Misses Laura and Julia, arrived at the Winona hotel last evening to meet their husband and father, Sam Jones, the great evangelist.

Mrs. S. A. Karn, the Fort Wayne poet, came down to join her husband and hear the Jones lectures.

There were over 600 gate admissions yesterday, not counting the thousand or more excursionists.

The star of the assembly program so far was Sam P. Jones, who drew to the Winona Auditorium two of the largest crowds of the season. Special excursions were run from a dozen points and there were several thousand visitors on the grounds during the day, most of whom came to hear the great evangelist. Over two thousand were in and about the Auditorium when he delivered his lecture, "Manhood and Money," and even a larger crowd hovered in and about the great hall in the evening to hear his "Battles of Life and How to Win Them." Both of his lectures yesterday were upon similar lines of thought. They were appeals for higher manhood and womanhood, which, he said, depend not upon religion, but character.

Thursday afternoon Charles F. Underhill, the celebrated reciter, reader and impersonator, will give "Rip Van Winkle." Mr. Underhill is one of the greatest artists in his line in the country and his monologue rendition of the famous Irving-Jefferson "Rip" is pronounced by the critics and newspapers as exceedingly fine, indeed. Mr. Underhill will give the celebrated "Rivals" Friday night.

Tomorrow evening Hon. S. F. Fish will lecture on "Japan and Japanese."

At 10 o'clock this morning a train of eleven coaches pulled in from Bluffton, Ind., via Fort Wayne, bringing 800 people in a reunion Sunday school picnic to Winona. An excursion with about 500 persons came in from Columbia City to spend the day. There were fully 2,000 visitors to Winona today, besides the thousand or more here for the summer, and there were over 3,000 admissions yesterday.

Our Ranney Refrigerators.

You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now how is this accounted for? Is it simply good luck? Certainly it is progress. We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor "Lapland" or a poor "Monitor" Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a small amount of money. Concensus of European Opinion is That the Foreigners Died in Pekin.

IMPERIAL EDICT LOOKS TO WAR

London, July 26.—While the latest impression derived from the array of conflicting telegrams from the far east is that a portion of the foreign colony at Pekin may have escaped slaughter until a recent date, the general consensus of the best informed opinion of Europe seems to continue to favor the acceptance of the worst news and prompt action thereon, and that the only possibility of definitely ascertaining the truth is by the allied commanders inquiring at Pekin.

Judging from the news from Tien Tsin, however, recording divisions among the admirals there, the prospects for a speedy advance seem to be endangered unless the governments speedily agree upon a supreme leader.

Telegrams from Shanghai report that Li Hung Chang has taken up his abode at the arsenal, as a measure of precaution. It is not stated whether he feared attack by Chinese or attempts of the powers to curtail his liberties. Apparently the foreign consuls at Shanghai have informed the viceroy that unless he obtained definite dispatches from Pekin within five days they would conclude the ministers had been murdered and act accordingly.

Reports are recurrent that a number of missionaries, either American or English, have been murdered in Shan-Si. One of the dispatches from Shanghai, published here today, says:

"The Canadian missionaries who escaped from Ho-Nan had a terrible experience en route here. The natives everywhere were hostile. The rabble attacked the refugees, beat them and tore the clothes from their backs. The ladies suffered cruel indignities."

The dispatch continues:

"Canton remains comparatively quiet. The natives, however, are beginning to fear that the reinforcements arriving at Hong Kong intend to attack the Bogue forts and occupy the city. The military mandarin has asked the colonial secretary at Hong Kong for assurances that Great Britain does not intend to take Canton."

A dispatch received here today from Yokohoma states that a Japanese division will all be landed at Taku by July 31 and will reach Tien Tsin August 3. The legislature of New South Wales has resolved to dispatch a military contingent to join the imperial troops in China.

VIEWS WAR AS INEVITABLE.

London, July 26.—The Daily Telegraph publishes this dispatch from its special correspondent:

Canton, July 24, via Hong Kong, July 25. Viceroy Taksu today published the following mandate:

"An important imperial decree was issued the 23d day of the 6th moon, saying:

"We have lost Tien Tsin. Great precautions have been taken in Pekin. No peace can be obtained without going through a war.

"In the time of Chungoow the agreement is made that no murder can be committed on ministers from abroad. It is a month since the minister from Germany was assassinated by the boxers. Strict orders have been given to arrest the murderer.

"We are trying our utmost to preserve the lives of the other ministers. They are still in safety.

"For fear that the viceroys and governors may misunderstand the intention of this decree and rely on the safety of these ministers as grounds for making peace, let them, taking no heed whatever, prepare for attack and defense. Neglect in fortifying the districts under their jurisdiction will bring endless calamity.

"The viceroys and governors are to pay all their attention to and urge on the preparations for coast attack and defense. They are to take the consequences in case of any territory being entirely lost through their delay or mismanagement."

The Europeans here understand thoroughly the last part of this edict, which states that the viceroys and governors are commanded by the dowager empress to prepare for a Chinese war against the allied powers.

Viceroy Taksu is bitterly anti-foreign and is increasing his armaments, military and marine. His plans will be unmasked soon after the allied powers ascertain definitely the facts concerning the massacre in Pekin, which are being sedulously concealed.

Chinese gunboats infest the channel at the back of Shameen. Eighteen Chinese gunboats lie below the imperial government wharf awaiting orders.

CANNOT PROTECT THEM.

New York, July 26.—A special to the Journal and Advertiser from Hong Kong says:

Consul General Wildman has been informed that the Chinese governor of the Island of Hai Nan has served notice on the consuls that he is unable to protect the foreigners any longer. The American missions have appealed to Consul Wildman to send a warship to Hoi How to bring away the foreigners. It is believed that three men, three women and three children belonging to the American Presbyterian board's mission at Nodoa, Hai Nan, have been murdered by Chinese imperial troops. The last news from there was dated July 12, at which time they repelled the attack of the boxers. Hong Kong is full of refugees. An outbreak is expected on the West river.

BOARD IS AFTER CHILDREN

ASKS COURT FOR THE CUSTODY OF FOUR MINORS.

Aged Husband Commences Surety of Peace Proceedings Against Wife—Court Notes.

A. H. Bittinger, attorney for the board of children's guardians, has filed an application in the circuit court requesting the judge to give into the custody of the board the minor children of O. S. Bauserman. There are four of them, Mabel, aged fifteen; Myrtle, aged ten; Madge, aged seven, and Claude, aged five. Their mother is dead and the application alleges that the father is cruel in his treatment of them.

SURETY OF PEACE.

In Squire Bullerman's court Samuel Burke, aged eighty-five, has commenced surety of peace proceedings against his wife, Mary Ann Burke, aged sixty-four. He alleges profanity and provoke in two other complaints, and altogether the wife will have an unpleasant court experience, the aged husband only yesterday having commenced suit for divorce.

CASE CONTINUED.

Justice Bullerman this morning called the case against Diedrich Schwaigel, who is charged with assault and battery with intent to criminally assault Mary Lutz, daughter of Frederick Lutz. The case was continued until Saturday morning.

REFUSED THE LICENSE.

This morning Edward Felger, a young farmer who last winter was declared to be of unsound mind, and for whom Simon Freistroffer was appointed guardian, called at the county clerk's office this morning in company with another farmer and made application for a marriage license. The farmer with Felger was the father of the prospective bride, and when informed by Deputy Clerk Bercot that he could not have a license on account of the finding as to Felger's sanity, became indignant and informed the deputy clerk that he knew young Felger all his life and didn't take any stock in the commission's finding. The license was not granted. Young Felger owns an eighty acre farm.

PROFITS OF SHIPPING TRUST.

Cleveland, Ohio, July 26.—The annual statement of the American Ship Building company, better known as the ship yard trust, on the great lakes, shows the net earnings to have been $1,100,665. A dividend of 7 per cent. on preferred stock took $532,000 of these earnings, leaving a surplus of $568,666, which will be more than enough to pay another 7 per cent. dividend. The capital issued by the company is $7,000,000 of preferred and $7,600,000 of common stock. Twenty-nine vessels, with a carrying capacity of 179,000 net tons were constructed during the year and sixteen additional boats are being built.

TO MAKE BUSINESS BETTER

STEEL MAGNATES MEETING IN CHICAGO.

The Plan Contemplated Proposes the Closing Down of Furnaces for One Month.

Chicago, July 26.—A conference of leading steel and Bessemer pig iron interests of the country was held today in the offices of the Federal Steel company, in this city, in compliance with a call issued by President E. H. Gary, of the Federal Steel company; President Schwab, of the Carnegie Steel company, and Joseph G. Butler, jr., representing the Bessemer Furnace association.

The object of this conference is to go over the trade situation for the purpose of determining, if possible, on some plan to improve it. The plan contemplated is to cut down production by closing every blast furnace controlled by the interests mentioned for one month.

The subject was discussed at length, in an effort to reach the absolute unanimity of all interests necessary to the success of the plan.

BOERS PUT UP A GOOD FIGHT

ENGAGE HUNTER'S COLUMN NEAR BETHLEHEM.

Boers Stubbornly Defended Positions and Compelled British to Retire.

London, July 26.—Lord Roberts reports to the war office today that Gen Archibald Hunter's command was heavily engaged July 24 and 25 in the hills south of Bethlehem. The Boers were strongly entrenched and fought stubbornly throughout the 24th and compelled the British to retire from some of their positions with about fifty casualties. At last accounts General Hunter had worked around into Brandwater basin, in the rear of the Boers, while Gen. Hector MacDonald and Gen. Bruce Hamilton were blocking outlets on the front of the federals, who had evacuated their position at Witnek.

WHEELMEN AT THE PARK.

This is wheelmen's night at Robison park, and the races which start at 5 o'clock this evening are expected to be the best exhibition of amateur racing ever given there. Among the riders who will compete are Ralph Rieman, Lee H. Yann, O. Hitchcock, Nelson Dye, A. G. Holzhauer, Frank J. Rahe, T. Heller, C. E. Hudson and J. Denehy, of this city, and A. W. Payne, jr., of Toledo. There are four events—one mile, 2:15 class; one mile handicap, one mile open and two mile lap. The crowd present will be a large one, and there will be dancing in the large pavilion this evening. Bicycles may be checked to the car barns free of charge this evening.

ELECTED A DELEGATE.

Louis Freiburger has been elected a delegate to the state convention of the Catholic Knights of America, which is to be held at Jasper, Ind., August 28 and 29. Mr. Freiburger is employed at the store of J. M. Kane.

A. Levi will soon leave for the east on a purchasing trip for his firm, and will be absent about one month.

WAITING TO HEAR

DEFINITE NEWS FROM SEAT OF CHINESE MYSTERY.

NO LATE WORD IN CAPITAL

MINISTER WU CONTINUES TO BE HOPEFUL.

VIEW OF LAST IMPERIAL EDICT

IS LOOKED UPON AS A VIRTUAL DECLARATION OF WAR.

Washington, July 26.—Notwithstanding signs of activity, the state department had nothing this morning of interest touching the Chinese situation. The navy department sent over a copy of the dispatch received from Admiral Remey, noting some changes in the marine body, and Minister Wu came down and talked for half an hour with Acting Secretary Hill, but he declared that he had nothing from home, though he was confident of important developments in the immediate future.

The imperial edict promulgated yesterday by Viceroy Taksu at Canton has left a disagreeable impression here. Despite the Chinese minister's view to the contrary, this edict is looked upon as suspiciously like a preliminary to a formal declaration of war, and as only one step toward securing time to leave Chinese forces into a better position for defense against the internationals.

The notice that came to the state department that Corea is free of the boxer agitation was well received, for it is believed that Russia will thus be enabled to spare many more troops from the Siberian army for use in the international column.

After his conference with the Chinese minister Acting Secretary Hill said that the minister had received no communications from China and had no information to impart. The state department had no information of any kind from its officers in China and the conference between the minister and the secretary was simply an interchange of courtisies.

The Chinese minister expressed to Secretary Hill his continued hope that the ministers in Pekin were still safe and said he believed that he would soon be able to deliver to the department a message from Minister Conger which would make that hope certain.

REPORT FROM REMEY.

Washington, July 26. The navy department this morning received the following cablegram from Admiral Remey:

"Taku, July 24, Chee Foo, July 25.

Bureau Navigation, Washington: Colonel Meade, condemned. Mare Island hospital, rheumatism; Major Waller succeeds command First regiment. My obtainable information clears marines of any imputation burning houses or looting Tien Tsin.

"Remey."

The fact that Colonel Meade, who was in command of the marines at Taku, had been invalided home on account of rheumatism has created no surprise among his comrades of the navy who know him best. While a man of indomitable will Colonel Meade's vitality has been below par and it has been an almost constant struggle for him to perform his duties. Colonel Meade had been the ranking marine officer at the Cavite naval station since its establishment.

RIOTING BEGINS.

London, July 26.—A dispatch from missionary sources, dated Shanghai, July 26, says:

"Rioting has begun at Ai-Yuen-Fu, the capital of the province of Shan-Si. There are no details. Rioting has also occurred at Huai-Lih, south of Chih-Li. All the missions have been destroyed. Our friends safely escaped to the country, but are still in danger."

It is reported here that Russia has borrowed nearly ten millions sterling from the Imperial Bank of Russia since the commencement of the troubles in China.

CANNOT SEND ARMS TO CHINA

Washington, July 26.—The secretary of the treasury has sent the following letter of instructions to all collectors of customs on the Pacific, prohibiting the exportation of arms to China:

"At the request of the honorable the secretary of state, you are instructed to use the utmost diligence to prevent the sending of arms from your port which may be used by the insurgent forces in China to the harm of American citizens in that country. In any case of the shipment of arms destined for Asia which you have reason to believe may be thus used you will telegraph the facts promptly to the department and detain the vessel until instructed. You may communicate the substance of these instructions personally to the owners or agents of vessels desiring clearance from your port to ports in Asia or the islands of the Pacific, inviting their attention also to sections 4083, 4090 and 4102 of the revised statutes.

KEMPFF EXPLAINS ACTION.

Washington, July 26.—The navy department has just made public the following additional chapter in Admiral Kempff's report:

"United States Flagship Newark, Taku, China, July 10, 1900.—Sir: Referring to my recent actions in declining to take part in the seizure of the Taku forts and in afterward making common cause with the foreign forces in the protection of foreign life and property, I would respectfully state that the Chinese government is now paralyzed and the secret edicts show that it is in sympathy with the boxers.

"2. The fact that under due existing circumstances the troops at the forts were given much extra drills, torpedos were provided, and, it is claimed, planted in the entrance of the Pei-Ho, was considered menacing, and by other senior naval officers, sufficient cause to justify them in demanding the temporary occupation of the forts. Thus culminated in the bombardment of the forts by foreign gunboats on the morning of the 17th inst. which has been described. In this bombardment, the Monocacy was fired upon and struck without having received previous warning.

"3. It is now necessary to join with the other foreign powers for common defense and preservation of foreign people and the honor of our country.

"4. I refused to join in taking possession of the imperial Chinese railway station and also declined to join in the demand for temporary occupation of the Taku forts, for I thought it against the policy and wishes of our government to be entangled with other foreign powers in such a step and also because it endangered the lives of people in the interior in advance of absolute necessity; for up to early morning of June 17th, the Chinese government had not committed, so far as I am aware, any act of open hostilities toward the foreign armed forces.

"5. In opening fire without warning an act of war was committed, when many shots were fired at the place where the Monocacy was moored—about 3,000 yards from the fort. Those firing must have known of her presence there, as she had been moored in that position for a number of days.

"Under these circumstances I regarded the situation as one for the protection of the national honor and the preservation of our people and have acted accordingly.

"Very respectfully,

"Louis Kempff.

"Rear Admiral U. S. Navy.

"Second in Command U. S. Naval Force, Asiatic Station.

"The Secretary of the Navy, Bureau of Navigation, Washington, D. C."

JOHN L. DAVIS DEAD.

Auburn, Ind., July 26.—Special. John L. Davis, one of the best known citizens of Auburn and a pioneer business man, died this afternoon, after an illness of some years, the last few months his malady being acute. He was aged about sixty years and was at one time at head of the largest retail hardware establishments in northern Indiana. He leaves a family. He was a member of the Scottish Rite Masons and Elks' lodges of Fort Wayne.

BICYCLE COLLISION.

In a collision with another lady cyclist this morning Miss Madge Michaels, of East Lewis street, was thrown from her wheel at Calhoun and Wayne streets. Luckily Miss Michaels escaped with a few slight injuries. The other lady was uninjured.

ANOTHER SHOW COMING.

A representative of the Long, Hall and Eilon dog and pony show is in the city today making arrangements for the appearance of that attraction in the city early in August. It will remain one week.

Dr. Yahn, of Milwaukee, who is spending the summer at Rome City, is in the city today the guest of Dr. K. K. Wheelock.

SOUTHERN BOXERS

New Orleans Mob Spends a Night Butchering Negroes in Cold Blood.

REIGN OF TERROR INAUGURATED

New Orleans, La., July 26.—After being in the hands of lawless mobs for several hours with the police apparently helpless to maintain order, New Orleans at daybreak again assumed a peaceful aspect and the mob apparently had spent its fury, after one man had been killed, three fatally and 14 seriously wounded.

THE DEAD.

The dead so far as known are as follows:

Unknown negro, clubbed and shot to death in custom house.

FATALLY INJURED.

Louis Hughes, colored, shot four times in abdomen, head, left arm and right hand.

Baptist Filean, colored, aged 75, employed in the French market, shot in neck.

Joseph Nelson, negro, driver, skull fractured.

THE INJURED.

T. P. Saunders, colored, aged 35, porter, stab wound in the side and a gunshot wound in the right knee.

Esther Fields, colored, aged 45, severe gash on head.

Oswald McMahone, white, aged 16, laborer, shot through right thigh.

Frank Shepperd, white, aged 42, shot in the right forearm.

Alex Ruffman, Pullman palace car porter, shot in the left shoulder.

Joseph Deeds, white, stabbed in both hands.

F. G. Davis, motorman, shot in the right leg.

J. Cluny, conductor, clubbed and arms badly injured.

Joseph Newis, colored, aged 11, contused wounds of head, caused by beating with base ball bat.

George Morris, colored, two cuts on head and gunshot wound in the leg.

Daniel White, colored, gunshot wound of the left wrist.

Henry Daurin, white, gunshot wound in the left leg.

William Armstrong, negro, shot in left thigh.

Unknown baker, white, shot in the leg.

TO CALL VOLUNTEERS.

A delegation of citizens today went to the city hall and asked the mayor either to call out a posse of citizens or appeal to the governor to order out the militia. His honor decided immediately to prepare a proclamation calling for 500 volunteer citizens to assist the police in preserving order.

The last disturbance occurred about 5 o'clock, when a white baker, whose name is unknown, was shot in the leg, while a crowd of rioters were chasing a gang of negroes. The mayor, the police and citizens arranged today to take precautions against a recurrence of last night's scenes of disorder. The mob was composed of boys and hoodlums and was without a leader. The rioting grew out of the intense feeling engendered by the murder on Monday night of Captain Day and Patrolman Laumb and the wounding of Officer Mora by a colored desperado, Charles.

The better class of citizens today expressed great regret over the occurrences of the night and declared that the mob in no sense represented the community at large.

Unverified reports have reached police headquarters from many sections of the city giving information of the beating of negroes. Work on the levee, where negro labor is largely employed, has been suspended. The big grocery and produce houses are also practically doing nothing, because they cannot get their negro drivers to risk their lives.

Mayor Capdeville communicated with Governor Heard, who will immediately call out the militia to preserve order.

NEGROES WERE TERRORIZED.

After the mobs got started the negroes became terrorized and took shelter in their homes and the outhouses of the white people, who protected them, so it was only the unsuspecting and inoffensive negroes who were the victims.

The police were powerless. As fast as they apparently dispersed a crowd in one section it only reformed and moved to some other point to continue its devilish work.

MOBS COMPOSED OF BOYS.

The mobs were composed almost entirely of boys under 21 years of age, and they had no leaders, but acted on a common impulse. The movement started from a gathering of men at the Lee statue, corner of St. Charles avenue and Howard street, gathering force as it moved and gradually becoming inflamed to the point of desperation.

It was not until after they had stopped in Morrison square, on Washington avenue and Franklin street, near the scene of the assassination of Captain Day and Officer Lamb, that they listened to a speech from a man hailing from Kenner, and then started out to waylay the negroes.

Most of the colored population had taken warning from the excitement of the night before and kept indoors, but there were some returning to their homes from work and it was one of these who was the first victim.

DRAGGED FROM CAR.

He was in a crowded Henry Clay avenue car, near the square, and when the mob saw him they rushed for the car and dragged him out, firing one shot into the car. He turned out to be Alex Ruffin, a Pullman car porter, and he was badly used up. He was cut and shot and beaten over the head. There was another negro with him in the car, who hid under the seat and after the car had started they discovered him, but they could not catch it.

J. Cluny, the conductor of a Peters avenue car, was shot in the foot on Franklin street and the car riddled with bullets.

F. G. Davis, the motorman on the same car, was also shot in the foot.

Frank Sheppard, a white man who was in the crowd, was shot in the right arm.

Coming down to Jackson avenue they met T. P. Sanders, the colored porter of an insurance agency. He had heard the indiscriminate shooting and stepped out of his gate to see what it was about. He stepped into the arms of the mob and they made short work of him.

LEFT FOR DEAD.

They stabbed and shot him in the back and left him for dead. In the attack his watch was stolen.

A dozen or more of the mob went out further into the rear of town and met a negress named Esther Fields standing in her door and brutally beat her.

The main crowd continued on down town, heading for the Parish prison. They were met a block away by a squad of police, who stopped them. They then began breaking into the second-hand stores on Rampart street in that neighborhood, hunting for arms and ammunition. The police made a demonstration and drove them off. After lingering around Rampart street for an hour, the mob divided, one section going down town and the other starting back up town.

SOME PISTOL PLAY.

The latter crowd started for the new basin in the vicinity of the Illinois Central depot, as that is a popular rendezvous for negroes. Before starting they indulged in a little pistol play and wounded Oswald McMahon, a 12-year-old boy, in the leg. They had been following the crowd. On the way up they went through the Poydras market and found a negro watchman, George Morris, whom they proceeded to chase through the market, shooting him as he ran. When he fell with two shots in the back, one of the young fiends stabbed him to finish him. He is seriously injured. John Deeds, a white man, was shot during the indiscriminate shooting in the Poydras market. They searched the vicinity of the basin thoroughly, and failing to find any one, walked out towards Franklin street, where they passed a negro seated in front of a barroom, whom they promptly shot. He was Dan White, a roustabout, and got a bullet

The first time I was down town I stepped into Meyer Bros. & Co's drug store and got a box. Shortly after I commenced their use the severe backache which had nearly used me up began to grow better and the dizziness I was bothered with disappeared. I kept on with the treatment and each day grew stronger, until I was in better health than I had been in twelve months. My father, M. GOLD DEMOCRATS DECIDE IT TO BE UNWISE.

TO KEEP UP ORGANIZATION

HALDEMAN WITHDRAWS FROM THE PARTY.

HE COMES OUT FOR BRYAN

MAYBURY WILL LEAD MICHIGAN DEMOCRATS.

Indianapolis, July 26. With but one dissenting vote, the national committee of the national democratic party yesterday decided not to place a national ticket in the field this year, and at the same time rejected overtures for a fusion of the gold democrats and the anti-imperialists which had been made as a result of the recent mass meeting held at the Plaza hotel in New York city. This decision was reached after a hearing of the committee representing the anti-imperialists and after a full discussion among the gold democrats themselves as to the best policy to pursue.

The session lasted a little over three hours, and near its end it was determined to issue an address making plain the position of the committee.

An incident of the proceedings was the retirement of W. B. Haldeman, of Kentucky, with the statement he would affiliate with the regular democratic party. Mr. Haldeman said:

"I do not today any more than in 1896, when I stated my determination to sever my connection with this committee if it saw fit to accept $1 from a republican source, believe that honesty of integrity in the administration of our government can be found in the republican party. In 1896 I took upon myself abundant abuse from Kentucky democrats, and I did it because I believed, with my friend and commander, Henry Watterson, in the righteousness of a refusal to compromise with dishonor on the question of a sound and stable currency. I believed then that the nation's honor, in the stability of its money, was involved, and if I believed that in this respect there was any danger now I would stand this day against the regular democratic organization. No sane man believes this danger exists.

SAYS 16 TO 1 IS DEAD.

"The free and unlimited coinage of silver at the ratio of 16 to 1 without the consent of any other nation, has been relegated to another generation by this nation. It is a past issue.

"My heart goes out to those who struggle for liberty in every nation, and I applaud and approve the expression in the democratic platform, sympathizing with the Boers—a people who may be robbed of free citizenship in order to enable English greed to gather in its coffers the diamonds and gold of South Africa. Only in the interest of her own selfish purposes does England desire the amity of the United States of America. This republican administration seems to love England more than it loves its own country the great republic which today is first in power, honor and place among the nations of the world.

"We cannot, we must not encourage a weak and corrupt administration to barter free institutions and civil liberty in a combination with the most autocratic, arrogant and selfish power in all Europe. I am compelled with a sense of what is due to the free America that I love, to earnestly, actively support an American whom I believe to be the highest and best type of an American citizen, and thus believing, I shall vote for and support William Jennings Bryan."

Mr. Haldeman suggested that the balance left in the hands of Treasurer Bergel be sent to David B. Hill to be used as his judgment dictates." He explained that the money came principally from New York democrats and it would be impossible to give it back to those who subscribed.

The statement issued by the national committee is in the form of resolutions adopted last evening. They are as follows:

"Resolved, That in the opinion of this committee the nomination of candidates by the national democratic party for the offices of president and vice president is unwise and inexpedient.

"Resolved, second, That we reaffirm the Indianapolis platform of 1896.

PRESERVE ORGANIZATION.

"3. That we recommend the state committees in their respective states to preserve their organizations and take such steps as in their opinion may best subserve the principles of our party, especially in the maintenance of a sound currency, the right of private contract, the independence of the judiciary and the authority of the president to enforce federal laws, a covert attack on which is made under the guise of the denunciation of government by injunction.

"We urge the voters not to be deceived by the plea that the money question has been finally settled. The specific reiteration of the demand for the free coinage of silver at the ratio of 16 to 1 by the Kansas City convention and the history known of all men in connection therewith, emphasize the danger of this demand. We indorse the action of congress in passing a bill embodying the gold standard as a step in the right direction. We feel it would be dangerous to elevate to executive power any one hostile to the maintenance and enforcement of this law."

CHAIRMAN ELECTED.

At a business meeting of the national committee of the national democrats today Charles Tracey, of New York, was elected chairman, to succeed George F. Peabody, of New York, who resigned because of illness. It was decided to establish headquarters in Indianapolis.

The committee announces that it will carry on a vigorous campaign in the interest of "sound money."

Authority was given the new chairman to fill the vacancy on the executive committee caused by the resignation of W. B. Haldeman, of Louisville, and also the vacancy on the national committee caused by the resignation of Levy R. Ehrick, of Colorado.

MICHIGAN DEMOCRATS.

Detroit, Mich., July 26. The democratic state convention yesterday afternoon nominated William C. Maybury, mayor of Detroit, for governor by acclamation. The chief feature of the convention was the lack of enthusiasm for any other candidate than Mr. Maybury and the smoothness with which all the work of the convention was accomplished from the start. What makes the nomination of Mr. Maybury all the more remarkable in view of the unanimity with which it was made is the fact that for several days the mayor has been out of the city and has not personally announced his attitude on certain state questions. Some time ago he said he would take the nomination if it was tendered him, but that he would make no fight for it.

The balance of the ticket nominated is as follows:

For Lieutenant Governor James G. Ramshell.

For Secretary of State John W. Ewing.

For Treasurer Charles F. Sundstrum.

For Auditor General Hiram B. Hudson.

For Attorney General James O'Hara.

For Commissioner of Land Office George Winans.

For Superintendent of Public Instruction Stephen H. Langdon.

For Member of State Board of Education, Dr. James McEniee.

For Presidential Electors-at Large Lawrence Hubinger, Philip B. Wachtel.

THE PLATFORM.

The platform regrets the "present condition of the political and administrative agencies, which, under republican control, have so debauched our governmental system as to disgrace the state and debase the function of a free government;" denounces the "maladministration, which has produced the fruitage of an investigation by grand jury, and the numerous criminal trials of state officials pending in the courts," and demands searching inquiry into the methods of every department of the state government.

The resolutions deplore "the corrupting influence of wealth upon our social and political machinery as displayed in the recent campaign of three millionaires for the office of governor," and pledge the state democracy to secure:

"1. Prompt repeal of every charter exempting corporations from the equal burden of taxation.

"2. A specific tax upon the great mining interests of the state, levied in accordance with the value of their unearned stores of wealth.

"3. A tax upon existing franchises of a semipublic character, commensurate with their earning power.

"4. Regulation of property taxes so as to prevent the shifting of the burden on to the shoulders of productive labor.

"5. Prohibition of the granting of further franchises by municipalities except by direct vote of the people of the territory affected.

"6. Submission of a constitutional amendment to put all corporate taxes upon the same basis as to appropriation as those raised by direct levy, except that the corporate taxes now paid into the primary school fund shall be so paid.

"7. Faithful, impartial use of present means to secure uniformity of local taxation."

AGAINST THE FEE SYSTEM.

The last legislature is denounced as "the crowning infamy in the history of the republican party in Michigan," and promise is made to abolish the fee system of compensation for public officers wherever possible. Lower and equal taxation is to be made a leading issue. Untiring support is pledged to Bryan and Stevenson and the Kansas City platform is "heartily indorsed in letter and spirit in all its parts."

The platform pledges repeal of all laws under which special privileges are conferred, and an amendment of sympathy with the South African republics was added.

SOUTHERN BOXERS

(Continued from First Page.)

in his right wrist.

About 1 o'clock they headed from the neighborhood of Canal street and on the way looted two second-hand stores. They were trying to break into one place and fired several shots into it, with the result that they wounded one of their own crowd, a man named John Doran, in the leg.

They moved on down to Canal street and at the corner of Rampart started to break into another second-hand store, but a patrol wagon full of police came up and dispersed them.

The down-town mob, however, did terrible execution and kept up its work until half past 3 o'clock. A notorious character took the lead and they headed for the neighborhood of Franklin and Custom House street. They found no negroes there and were going down Villiere street, towards some negro hovels, when they saw a negro in a crowded Villiere street car.

A BRUTAL MURDER.

They halted the car, pulled the trolley off, ordered about twenty passengers out, and then murdered the black. He was dragged out and killed with lead, being instantly killed. He was evidently a laborer. His name is not known.

The mob then moved on to the vicinity of the old basin, on Toulouse street, and terrorized that neighborhood, but evidently found no negroes. Then they went down as far as Kelerec and Dauphin streets, where they found an old negro, seventy-five years of age, named Baptist Filo, whom they beat and shot almost to death.

Coming up town again, they headed for the French market and met an unknown negro on Decatur, between St. Philip and Ursulines, whom they promptly beat into an insensible condition and left for dead. He was discovered an hour later and died shortly after. He had been pulled from a meat wagon, which he was driving to the French market.

ANOTHER MURDER.

They found another negro in the market and promptly put an end to his existence. He is not known.

They located the porter of the Louisville and Nashville pay car and chased him up the levee. He ran into the custom house, where he was protected by the night watchman at the point of a Winchester. The crowd milled around for awhile and then gradually dispersed.

Acting Mayor Mehle issued a proclamation at half past 11 o'clock, calling on all good citizens to keep the peace, but it did not stop the rioting.

Just before daybreak the remnant of the mob gathered in the vicinity of the Spanish Fort railroad to waylay negroes as they were going to their work at Chalmette. Some of them came along and the mob chased them, firing as they ran. A baker, on his morning rounds, caught a bullet in the leg.

William Armstrong, a negro, sitting on the Claiborne bridge, was shot in the thigh by a mob that passed there last night. He made his way home and only reported his injury this morning.

COLING BRINGS MORTON BACK

PRISONER IS IDENTIFIED BY HERMAN HEERSCHE.

Preliminary Trial Will Be Had Tomorrow Henry Colerick Will Defend Morton.

Detective George Coling returned from Wheeling, W. Va., this morning, with William Morton in custody. Morton is charged with being one of the men who entered and robbed Herman Heersche's saloon in broad daylight on July 13. Morton made the detective much trouble in Wheeling and attempted to gain his freedom by beginning habeas corpus proceedings. He failed to free himself and after five days' delay requisition papers, which had miscarried in the mails, reached Wheeling Tuesday evening and Detective Coling left Wheeling with his prisoner at 10 o'clock Wednesday morning. He attempted to get away without Morton's attorneys and friends knowing it, but failed for the reason that one of the attorneys happened to come to the jail about the time the officers and his prisoner left. It was anticipated that friends of Morton might make an effort to release him from Coling and Clint Clemans, of Wheeling, accompanied the detective to Benwood. Morton was placed in the Mansfield, O., jail yesterday afternoon and last night he was brought home on Pennsylvania train No. 15. Captain Stoll, of the Pennsylvania detective force, accompanied Coling and his prisoner to Fort Wayne from Crestline, O. Morton was locked up in the city prison until 8:30 this morning when he was brought into police court. He asked for time to employ an attorney and Mayor Schetter fixed the preliminary hearing for 8:30 o'clock tomorrow morning. Morton is uncommunicative, pretends not to see persons about him and neither denies or admits that he committed the Heersche robbery. It is stated that when arrested Chief Clemans asked what he had been doing in Fort Wayne. "Oh, I only beat a fellow out of some money at cards."

Herman Heersche and his stepdaughter were at the police station and both of them identified Morton. Heersche says he is one of the men who loitered about his place for several weeks and the girl asserts that it was Morton who sat in the buggy and held the horse while his pal went through the money drawer.

Morton was taken to jail and had been there about an hour when his wife, accompanied by Attorney Henry Colerick, called at the jail and was permitted to see the prisoner. Detective Coling had left the woman in Wheeling, but she arrived in Fort Wayne almost as soon as he did and it is understood has employed Henry Colerick to defend her husband. When arrested Morton was at the depot arranging for a trip with his wife to the lakes.

The officers know well now who Morton's partner in the robbery was and expect to have him, too, behind the bars within a fortnight. He is a well-known pickpocket, who has spent a good deal of time in many cities throughout the country.

AN OPEN LETTER.

To the Honorable Mayor and Common Council of Fort Wayne: My attention has been called to the curfew ordinance adopted by your city council some three years since. The ordinance is among the first that were adopted and is slightly vague with reference to the police arresting and taking boys and girls to their homes before their incarceration. I notice further that it provides for a fine of $25. I would suggest that the city attorney take a copy of the Indianapolis ordinance, which is considered as being in the most convenient and complete form of any in use, and have the fines correspond with the fines referred to therein. One of these is not less than $1 nor more than $10. And another section provides that in case of the arrest of youths the officer must take them home to ascertain the wishes of the parents, and they are not incarcerated unless the parents refuse to be held responsible for their future behavior. It will be seen that there is no denominational or political feature whatever in the ordinance and a few weeks' trial, having the owners of a half a dozen manufacturing plants sounding the hour of curfew on their whistles, will tend to make it universally popular.

Very truly,
Alexander Hogeland.

WILL RIDE TO PLEASANT.

The Cycling club and friends of the West Jefferson Street Church of Christ will make its weekly run tomorrow evening, starting at 7:45, making a run of six miles and spending the evening with Mr. and Mrs. J. F. Fell, in Pleasant township, on the Bluffton road. Those who have visited this hospitable country home know what a pleasant time is in store for the cyclists. Rev. and Mrs. F. W. Allen will set the pace, and it will be moderate enough for those who have not ridden a great deal to keep in line.

WILL GIVE A BENEFIT.

Mr. and Mrs. E. E. Connett, residing at the corner of Brooklyn avenue and Miller street, will give a social on the evening of Thursday, August 2, as a benefit for the widow and children of the late Abram Franz, who died very suddenly a few days ago.

CHRISTIAN NEWCOMER DEAD

EXPIRED THIS MORNING AT THE HARMON HOTEL.

For Thirty Years a Fort Wayne Business Man—Other Deaths and Funerals.

Christian Newcomer, the well known proprietor of the New Harmon hotel, died shortly after midnight from stomach trouble, after an extended period of suffering. For more than a year Mr. Newcomer has been in feeble health, and but a few weeks ago entered Hope hospital for an operation in the hope of restoring his health. During the past ten days he has been gradually growing weaker, and his death has been expected at almost any time.

"Chris" Newcomer, as he was familiarly known, has a wide acquaintance and his genial personality made him a favorite with all who knew him. He was born at Orrville, Ohio, fifty-six years ago, and his early life was spent at that place. After the close of the civil war, during which he served as a member of an Ohio regiment, Mr. Newcomer came to Fort Wayne in 1867, and has since been a resident of this city. He was engaged in business a number of times, and about four years ago he took charge of the New Harmon hotel, which he has since conducted. His wife is a daughter of the late Daniel Harmon, and she, together with a daughter, Miss Hattie, and a son, Albert, survive. Mr. Newcomer also leaves two brothers and a sister in Ohio. Deceased was a prominent member of the Odd Fellows, the Elks and the Knights of Pythias.

The funeral services will probably be held on Sunday. More definite announcement will be made later.

ROESLER.

Louise L. Roesler, the infant daughter of Mr. and Mrs. William Roesler, of 100 Mechanic street, died at 3 o'clock this morning from marasmus, at the age of five months.

The funeral services will be held Friday afternoon at 1 o'clock from the residence, conducted by Rev. J. C. Breckinridge, of Bethany Presbyterian church. Interment at Lindenwood.

FIRKS.

Mrs. Sophia Firks, wife of Albert Firks, died at the family residence, 152 Greeley street, at 6 o'clock Wednesday evening from exhaustion following childbirth. One of twin daughters born to Mr. and Mrs. Firks also died earlier in the day.

Mrs. Firks was 40 years of age and a daughter of Mr. and Mrs. Frederick Schlekman, of Adams county. The husband and five children survive.

Funeral services will be held Sunday at 1:30 from the residence and at 2 o'clock from St. John's Reformed church. Interment at Lindenwood.

FUNERAL ANNOUNCEMENTS.

Rodewald.—Funeral services of Mrs. Sophia Rodewald will be held Friday afternoon at 1:30 from the residence, 58 South Wayne avenue, and at 2 o'clock from Emanuel's Lutheran church.

GONE TO INDIANAPOLIS.

REVOLUTION COLLAPSES.

Washington, July 26.—The state department has just received a dispatch from Consul General Gudger, at Panama, announcing the collapse of the revolutionary movement there. He states that the liberals unexpectedly surrendered and that quiet now prevails at Panama.

A WORD

About straw hats. Ours are never behind the style, but always "go on ahead with the band." Even a drowning man would catch at one of our "strawns" and it would save him 50 per cent. Think of it; all straw hats at half price.

SIGNIFICANT TESTIMONY IN POWERS TRIAL.

A Frankfort Constable Tells What Happened Right After Goebel Was Laid Low.

Georgetown, Ky., July 26.—Walter Bronston, a Lexington attorney who resisted in the arrest of Caleb Powers and John Davis at Lexington, was the first witness called today in the trial of Caleb Powers for alleged complicity in the Goebel shooting. Powers and Davis were disguised as soldiers and were both armed, the witness said.

Witness identified them to the police officers. After a forcible arrest, Powers was taken to jail, where the pardon granted him by Governor Taylor and $1,300 in money were found in his pockets. Deputy Sheriff Rodgers, of Lexington, corroborated this testimony.

H. Davis Harrod, a constable of Frankfort, testified that when the shooting occurred he ran to the executive building and entered the west door. The door of the ante-room to the executive office was closed. Witness pushed it open with difficulty and encountered several men, who thrust pistols in his face.

He told them he was an officer, but they kept their pistols aimed at him and made no reply. Harrod said just as he entered the main door a short, stout man slammed the door of the secretary of state's office and dashed down the steps to the basement.

Witness did not know Youtsey then. The pardon granted Powers by Governor Taylor was then exhibited to the jury.

Walter Bronston, recalled, told of a conversation with Powers after the arrest, in which Powers, referring to the pardon, said:

"I knew this looked a little bad, but we were making our way to a place where the pardon would have been recognized."

VERY SLIGHT BLAZE.

An alarm of fire at 12:05 today called the department to 235 West Main street, where a small shed had been set afire by some children while at play. There was no damage.

MAY CANCEL BRYAN MEETING.

Indianapolis, July 26.—Special.—Chairman Martin, of the democratic state committee, threatens this afternoon to call off the Bryan notification meeting fixed for August 8th in this city, unless the railroads will give better terms. Only twenty-six counties in the limit of seventy-five miles can get excursion rates under the present arrangement and it is known that large delegations not only from remote points in Indiana, but from other surrounding states are preparing to come.

COMING HOME TODAY.

Mrs. Barnes, mother of L. A. Barnes, shop superintendent of the electric works, who has been at South Haven, Mich., in the hope of benefiting her health, will return home this afternoon. Mrs. Barnes made the journey from South Haven by boat to Chicago, where Dr. J. M. Dinnen met the patient and accompanied her to this city.

CITRATE ..... OF MAGNESIA

THAT YOU CAN DEPEND ON.

Citrate of Magnesia is made by the chemical action of Citric Acid on Magnesia Carbonate. The better the magnesia used, the better the finished product will be. We use only the best, made by Jennings in Cork, Ireland. It is famous the world over. It costs a little more than the inferior kinds, but gives the best results. Our citrate is always fresh and can be relied upon. Keep the bottle on ice for a little while before using, and it will be found as pleasant as lemonade.

Difficult to Believe Advice Applies to Us.

"While reading the morning paper at breakfast, I frequently read over the advertisements of Postum Food Coffee and finally began to wonder if it was a fact that my daily headache and dyspepsia were due to coffee drinking.

"It never occurred to me that the warning fitted my case.

"I had been on the diet cure for more than ten years, having tried a strictly meat diet, also a strictly vegetable diet, and at other times left off breakfast for a time and again left off dinner, but all these efforts were futile in ridding me of the steady half-sick condition under which I labored.

"I had never once thought of overhauling 'dear old coffee,' but when it finally occurred to me to make the trial and take up Postum, I immediately discovered where the difficulty all these years came from. I now eat anything for breakfast, as much as I desire, doing justice to a good meal, and the same at lunch and dinner, with never a headache or other disagreeable symptom. My only 'crankiness' now is to know that I have Postum served as it should be made, that is, properly boiled. There is a vast difference between poorly made Postum and good.

"C. E. Hasty, of Alameda, Cal., insists that he owes his life to me because I introduced him to Postum. I have a number of friends who have been finally cured of stomach and bowel trouble by the use of Postum Food Coffee in place of regular coffee.

"Please do not use my name. D. I. H., 1222 Bremen St., Cincinnati, Ohio."

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hegarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters. The wonderful Stomach and Liver Remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. The gold democrats who met in Indianapolis appear to regard the tariff as a dead issue in politics as the paramount issue.

Why is it that Lord Roberts never seems pleased unless he has reached a day without sighting any of De Wet's depredatory columns.

To show that it is still the breeding place of mad dogs and that China has a monopoly of the boxer business New Orleans is showing what it can do in the way of an old time epidemic.

The Democratic state committee of Indiana has practically overlooked Colonel Andy Humphreys' republican record in the annual hold up and has revolutionized a record that will exceed the Spanish war record and a match for it.

[illegible] Inspector Breckon's report on the Cuban frauds it may be presumed that Neely Rathbone did not remove the deficit from its customary location on the map. But they do not seem to have overlooked anything that will be crossed in the category at the practical and plausible Wemick viewed as "portable property."

Mayor Schieler has declared he will have arrangements made to sound a curfew signal each evening at the proper hour and will enforce the law. How he will. The hour prescribed by the ordinance is late enough for any boy or girl to be upon the streets without some proper excuse unaccompanied by an older person. The purpose of the law is not to restrict the measure of liberty proper to any girl or boy and enforcement of the ordinance will not. The law will bear only upon those whom it is expressly designed to reach. With parents who have a proper regard for their duties as parents the curfew law has nothing to do, but with those who are indifferent to or wholly negligent of the welfare of their boys and girls the law has all to do in its function as a rational police regulation.

HOPE IS FADING.

The receipt at Tien Tsin of a letter written July 4th by Minister Conger at Pekin is having the effect of destroying the hope raised by the undated dispatch received in cipher from him a few days ago and at that time believed to have been transmitted from Pekin July 18th. It is now believed, and with some reason, that dispatch and letter were of the same date. That the dispatch should have come about the time one was expected in response to Secretary Hay's urgent demand upon the Chinese government for word from our minister is a coincidence presenting an unusual feature. If the dispatch was sent July 4th it had probably been intercepted by the Chinese and when the government decided on July 11th that this government be put in communication with its minister, Conger's intercepted message was, under the circumstances, the most fortunate and convenient thing conceivable for the Chinese government. There are many facts which, taken together, give the worst possible color to the situation. The studious duplicity of the Chinese character and the smooth trickery and consummate cleverness of Chinese diplomacy go far to sweep away the last rays of hope that the foreigners in Pekin are living, for there is nothing left upon which the hope is based save assurances of the Chinese. The conviction is settling down upon this nation that the foulest crime of the century has been perpetrated in Pekin and there is no gainsaying that the entire situation presents today a more ominous aspect than at any time since the latest outbreak began to provoke the apprehension of the civilized world.

NO BOERS IN SIGHT.

London, July 26.—Lord Roberts reports to the war office, under date of Bronkhorst, July 25, as follows:

"We arrived here yesterday without seeing the enemy. The Boers on July 24 engaged French and Hutton six miles south of Reinerval. While Alderson's mounted infantry attacked the Boers' right, French made a turning movement around their left. Seeing their retreat threatened the Boers broke and fled. French and Hutton followed and proposed to cross Olifant's river today at Nave Poort. Our casualties were one wounded."

PLOT TO ASSASSINATE

San Francisco, July 26.—A plot to assassinate the governor of Sinaloa, Mexico, Cornelio Gastelum, has been discovered and twenty-six of the conspirators have been imprisoned. Several military officers are involved. The accused will be tried by court martial. President Jauregui is visiting the interior. The country generally is quiet.

AT ISLAND PARK.

THE TWENTY-SECOND ANNUAL ASSEMBLY BEGINS.

PROGRAM IS INAUGURATED

A FOUL CRIME IS SUSPECTED NEAR PRINCETON.

GIRL'S BODY FOUND IN A POND

GENERAL NEWS OF THE STATE OF INDIANA.

Rome City, Ind., July 26.—The twenty-second annual session of the Island Park assembly opened last night with an entertainment, in which all the talent of the assembly now present participated. Today the daily routine began. The morning session began with devotion at 8:30 o'clock, followed by Bible study, physical culture, floweis drill, concerts and institute work. In the afternoon will be a opening concert, a picture model instruction, C. L. S. C. round table talks, and a program will be given in the evening.

The Epworth congress is meeting today with big attendance and John M. Stahl is principal speaker. Rev. Percy S. Becker will lecture and the South African choir will make its first appearance.

The new tabernacle is ready for use and is regarded as a model structure for the purpose for which it was built. The Chautauqua hall, kindergarten room, physical culture hall, book room, department headquarters, and other apartments are all conveniently located. All the talent for the assembly is under contract and the platform speakers and faculty includes the following: Bishop C. C. McCabe, John M. Stahl, W. Hampton Gardner, Col. Robert Cowden, Gen. O. O. Howard, Rev. Quincy Lee Morgan, Richard Gest Hobbs, Rev. M. F. Reiter, Herr Gustavus Cohen, Rev. H. A. Tonge, C. D. Meigs, Rev. J. C. Clinman, Whitman A. Hillis, Rev. D. B. Reed, Henry J. Eckels, Rev. C. P. Macklin, Rev. Leslie J. Naftzger, Rev. S. H. Yarn, Rev. George Mason, W. C. Hall, Rev. Aaron Worth and Rev. Julius M. Magill.

FOUL CRIME SUSPECTED.

Princeton, Ind., July 26.—The body of Carrie Hollenbeck, a German girl, twenty years old, was found in a hollow pond near Somersville Thursday night. The body had the appearance of having been in the water about twenty four hours. One shoe was missing. Other than this there was nothing unusual about the clothing on the body. She left here Monday afternoon to pick blackberries. She failed to return Monday night, but no neighbor thought she was at a neighbor's. Tuesday night a searching party was organized. Two buckets of blackberries were found near the pond, this leading to the discovery of the body in the water. The coroner and officials refuse to accept the suicide theory, the girl was always in good health and happy. The coroner's inquest is over and a foul murder has been committed. The coroner is investigating.

PRIZES FOR RED MEN.

Kokomo, Ind., July 26.—The closing day of the Red Men's powwow was made on the program interrupted by rain Tuesday. In the competitive drills the Indianapolis Men's Council of Improved Red Men took first prize, while Frankfort won the $50 prize for the largest number of Red Men in the parade. The Chieftain's trophy of Elwood took the $200 prize for the Mayer Adler trophy band of Indianapolis won the prize in the band contest, over ten competitors. Logansport was chosen as the place for holding the next annual powwow, and the following officers, all of Logansport, were elected: President, A. N. Gipe; vice president, C. B. Hughes; secretary, Alvin Beshire, and treasurer, J. T. Shaffer.

LIGHT ON THE MOON KILLING

Danville, Ind., July 26.—The investigation of the killing of Merlin Moon at Carrollsburg Sunday is proceeding, and Coroner Curtis may not render a verdict for several days. The autopsy revealed that Sparks fired the fatal shot, the bullet being from a 32-caliber revolver. The autopsy also disclosed that Moon's heart was on the right side of the body, and that had it been in the normal position the bullet would have passed through the upper part.

PICKLING SEASON BEGINS

Goshen, Ind., July 26.—Enough pickles will be turned out at Goshen this fall to supply a goodly portion of the families of Indiana the coming winter. Numerous farmers in this section have been utilizing their lands for the industry, and are beginning to haul the product to this point, where the cucumbers will be made ready for the dining table. The building where the cucumbers undergo the pickling process is an immense structure. It houses twenty vats, each fourteen feet in diameter. Through the building, and above the vats, is a miniature railway which carries the cucumbers to the receptacles. The tanks in the building will hold eighteen thousand bushels of cucumbers, and from present indications, it looks as if the capacity would be taxed. The company operating the pickle factory has received ninety tons of salt to be used in the pickling process.

WITH HER BIBLE BEFORE HER.

New Albany, Ind., July 26. With her Bible spread open on a stand before her, and with her lamp still burning, Mrs. Mary C. Johnson, aged fifty-five, an old resident of Floyd county, was found dead in her bed, Monday night, at her home in Franklin township. The coroner decided that death resulted from natural causes.

A WIDOW'S THIRD CONCEDED.

Logansport, Ind., July 26. Mrs. Anna M. Biddle, widow of the late Horace P. Biddle, has a number of suits pending, asking for the widow's third in much valuable realty sold by Judge Biddle after he and the plaintiff separated. One of the defendants settled yesterday by paying the third, and Mrs. Biddle's attorneys are hopeful of winning every case.

GERMAN LUTHERAN SYNOD

Lafayette, Ind., July 26. The conference of the middle and central districts of the Missouri synod, German Lutheran church, will meet in this city August 8 for a week's session. The synod embraces 181 congregations, with 81,558 members, 50,588 communicant members, 11,211 voting male members, 102 parochial schools and 18,720 children. Many prominent members of the church will attend.

THE ONION CROP REDUCED.

Wabash, Ind., July 26.—Continued rains in northern Indiana have reduced the onion crop, which for years has been measured by hundreds of thousands of bushels, fully one-half. Some estimates place the Indiana output at 40 per cent. of an average crop.

PATRIARCHS MILITANT CAMP.

Wabash, Ind., July 26.—The Fifth Regiment Patriarchs Militant will go into camp at North Manchester, September 1, for three days. Marion, Lafayette, Logansport, Peru and other cantons will attend.

Mr. Francis C. Bowser, of Winter street, was summoned to Columbus, Ohio, today, by a telegram announcing that her mother was dying. She left at once for her mother's bedside. Mrs. Bowser's father died last May.

MINE STRIKE STARTED.

Scranton, Pa., July 26.—The mule and coal drivers of the Delaware and Hudson mines have struck this morning for increased wages. Four mines at Carbondale, Olyphant and Archbald are now idle, but the breakers were running and coal was mined yesterday. The miners are reported for work this morning, but refused absolutely to handle coal in the mines. This will cause a complete tie-up before the day ends. In all 4,000 men and boys are employed at the mines.

WILL ECLIPSE ALL

BIG ENCAMPMENT HERE IN SEPTEMBER.

THOUSAND TO BE CARED FOR

COMMITTEES REPORT THAT MANY PEOPLE

DO NOT GRASP ITS MAGNITUDE

PROGRAM COMMITTEE NAMED LAST EVENING.

The general committee, to whom is entrusted the preparations for the national encampment of the Union Veteran Legion to be held in Fort Wayne in September, held a meeting last evening at the headquarters in the Arcade to push forward the preliminaries for this great gathering. The work is going forward, so far as the various committees are concerned, in a most satisfactory manner, and members of all the sub committees are devoting much time and energy to this labor of love and civic pride.

It was reported to the committee last evening from several sources that a widespread misapprehension seems to exist regarding the nature and magnitude of the gathering which Fort Wayne is to entertain in little more than six weeks. The various canvassing committees state that a large percentage of the people of the city do not seem to realize what a tremendous assemblage of visitors will be in Fort Wayne at that time, and the committee believes the sooner a more correct idea of the national extent of the meeting can be impressed the more hearty will be the response. Otherwise there is danger that the great floods of humanity may reach Fort Wayne and find it people wholly unprepared to care for the big gathering properly.

OF VAST MAGNITUDE.

The national encampment of the Union Veteran Legion is not a regiment, reunion, but an annual meeting of a great national society of veterans numbering many thousands of million defenders of their country's flag. The Fort Wayne meeting will rest precisely the same relation to the U. V. L. as does the big encampment to be held in Chicago next month such as to the Grand Army of the Republic.

There will be many thousands of members of the U. V. L. come to attend the annual meeting of their society, aside from the countless thousands of other visitors who may come to enjoy the pleasures prepared for their entertainment by the people of Fort Wayne. The ladies' auxiliary to the U. V. L. will also meet here at the same time for its annual session. The annual reunion of the One Hundred and Fifty-seventh regiment of Indiana volunteers, who served in the Spanish-American war, also convenes in Fort Wayne on the same dates. There should be no underestimating the magnitude of the work of entertainment Fort Wayne has undertaken. It is certain to be the largest gathering ever held in Indiana, with the possible exception of the national G. A. R. encampment in Indianapolis a few years ago. The committee desires to impress upon the people of Fort Wayne the absolute necessity of concerted action in caring for this national meeting in order that the visit of every guest may be pleasant, his stay comfortable, and that the city's reputation for hospitality may not suffer. It is believed that at least one hundred thousand visitors will be here, and the list will include President McKinley, prominent candidates, army and navy commanders, governors of several states and men of distinction in every branch of national life.

COMMITTEE IS CHOSEN.

At the meeting last evening a committee on program was selected and this committee is composed of P. A. Randall, chairman; John B. Reuss, John H. Rohan, John Mohr, J. C. Jackson, L. C. Zollinger, Harry Packard, Alexander Johnson, J. V. Real and Allan H. Dougall. The committee will arrange a program for each day of the encampment, including the receptions, parades, drills, camp-fires and entertainment features. As soon as this committee makes its report the official program of the encampment will be issued. The ladies' auxiliary will be represented on the program committee in arranging those portions of the program which affect the sessions of the auxiliary.

A meeting of the invitations committee will be held on Friday evening.

HIS ARREST NEXT.

RATHBONE LIKELY TO SOON BE IN CUSTODY.

RESULT OF INVESTIGATIONS BRISTOW REPORTS ON THE CUBAN SCANDALS.

THE FACTS ARE LAID BARE

NEELY'S STEALINGS REACH APPALLING FIGURE.

Washington, July 26. Now that Fourth Assistant Postmaster General Bristow's report has been made public, the arrest of ex Director General of Posts Rathbone at Havana may soon follow. It is intimated at the postoffice department that the delay in arresting Mr. Rathbone has been due to a desire to await the statement of the results of Mr. Bristow's investigation and also to a wish to give Mr. Rathbone every opportunity to explain items which the report says are unaccounted for. Postmaster General Smith and Fourth Assistant Bristow decline to discuss the matter. The postmaster general's letter of transmittal of the report to Secretary Root calls particular attention to two important points in the case against Mr. Rathbone on which the latter's expected arrest probably will be mainly based. In this letter Mr. Smith says:

"It further shows that T. G. Rathbone, late director general of posts, drew two warrants of $500 each, on which he himself obtained the money, and that no account or explanation has been rendered; that he appropriated a per diem of $5 per day for several months after it had been expressly prohibited by the postmaster general, and that he incurred extravagant and unjustifiable expenditures of a personal character, making them a charge upon the postal revenue."

BRISTOW'S REPORT.

Washington, July 26. Fourth Assistant Postmaster General Bristow's report detailing conditions as he found them in the Cuban postal service was made public last evening, and reveals the existence of a state of affairs almost without a parallel. Mr. Bristow does not spare any of the minor thieves like Neely and his confederates. He also makes complete exposure of Rathbone, the director general, who was suspended last month.

The report, as given out for publication, however, is only a synopsis of the actual report written by the fourth assistant postmaster general and it does not contain a great many things of unusual interest. It does not contain even a reference to a letter written by Perry S. Heath, who gave up his job as first assistant postmaster general to become secretary of the republican national committee, in which Mr. Heath extols the good qualities of Neely and urgently recommends him for promotion. There is other correspondence of equal importance and interest bearing upon a variety of matters in connection with the management of the insular postal service, but it has all been suppressed.

Later it will be turned over to the Cuban committee of the senate, which was authorized by the senate last month to make an investigation of the Cuban scandals. When that time comes around election day will have passed and it will be a matter of indifference to the persons most concerned whether the correspondence is published or not.

FINDS $131,713 EMBEZZLED.

General Bristow maintains his record as a straightforward official by the severity with which he handles the dishonest officials of the service, and especially Rathbone, who was the friend and protege of Hanna. The report follows:

Mr. Bristow finds that Neely's embezzlements aggregated at least $131,713, and says he was justified in recommending the removal of Director General Rathbone. There is no doubt that in the matter of unauthorized per diem allowances, personal expenses and warrants cashed and unaccounted for he unlawfully appropriated to his own use money of the Cuban revenues. For this, Mr. Bristow says, he believes Mr. Rathbone should be required to answer.

Mr. Bristow explains that the bureau of finance inaugurated by Director General Rathbone, of which Neely was appointed chief, was started July 7, 1899. This bureau was charged with the custody of all stamps and postal supplies. The division of postal accounts, changed July 1, 1899, to a division of the auditor's office, was in charge of Dr. W. H. Reeves, who was appointed by the secretary of war. The report says that no accounts of the unbonded postmaster were required, remittances being entered as cash sales, as the only information the auditor's office had of these transactions came from Neely himself. From the accounts examined the report says the minimum of Neely's embezzlements may be summarized as follows: Shortage as shown by his own records, $30,000; excess of credit by destruction of surcharged stamps definitely ascertained, $101,113; total, $131,713. This will be increased by the discovery of additional sales of surcharged stamps, but will not exceed $150,000 in the aggregate.

RATHBONE APPOINTS HIS MEN.

The report says that Rathbone appointed Neely, who had custody of the stamps; Reeves, the only man who could have a check on Neely's transactions, and Dr. Warfield, chief of the bureau of registration, a commission to destroy the surcharged stamps of which Neely had received $522,000, and that Neely and Reeves entered into a conspiracy to report a larger quantity of stamps destroyed than were actually destroyed.

The connection between Neely and the Neely Printing company, of Muncie, Ind., of which he was proprietor before he went to Cuba, is then explained. The alleged sale of the plant of his company to Cowan, Neely's business associate, the report says, was not a bonafide transaction. The books of the printing company show it received for printing $7,947, while the bill paid and the money order records at Muncie show $2,131 more than the amount indicated by the books was paid. Some of the bills were paid twice. Rathbone, when asked why he approved these accounts, said he did not know until after Neely's arrest that any printing was done at Muncie.

CHECKS HARD TO EXPLAIN.

The department of posts purchased from the Keyless Lock company, of Indianapolis, $11,847 worth of furniture. This company paid Neely $3,292 in two checks: one for $2,072 and the other for $120.

When Neely was assigned to duty in Havana January 7, 1899, his salary was $1,800. In ten months he had deposited $37,809 with the Union National bank, of Muncie. Neely invested $32,500 in speculative Cuban ventures during the same time. The report continues:

"C. M. Rich claims to be innocent but he at least had knowledge of Neely's embezzlements long before he claims to have told Rathbone Neely was crooked. Reeves confessed that Neely paid him $4,600 for concealing the fraud in the destruction of the stamps. Both Rich and Reeves protest against any criminal designs."

RATHBONE MADE MONEY.

December 21, 1898, when Rathbone was appointed director general of posts his salary was fixed at $5,000. At his request the postmaster general allowed him a per diem of $5 in addition. He claimed this was not sufficient, and June 19 the postmaster general increased the salary to $6,500, with notification that with the increase the per diem would cease. July 3 Rathbone complained that the increase amounted to $675 and asked for an official residence. This also was allowed. December 19 the postmaster general officially fixed Rathbone's salary at $6,500, making it effective August 1. But, although the per diem was cut off, Rathbone drew $1,365 fraudulently. The bills rendered for furniture for the official residence, the report says, contain many items such as charges for trunk, gloves, dog collar, overcoat, hats for coachman, boots for footman, shirts, collars and cuffs for coachman, etc.

When the character of these purchases became known to the postmaster general he wrote to Director General Rathbone as follows:

"I have today for the first time seen certain of your bills as director general of posts, which were brought here by Colonel Barton. Some of these bills are not only without authority or justification, but are scandalous and never should have been passed or paid. The auditor, who is responsible to a different department, was inexcusable in allowing them and your action in presenting them for allowance was grossly reprehensible. Without waiting for a review and reconsideration of these bills by a rightful audit, you should at once reimburse to the island treasury the sums thus improperly paid."

ACCUSED OF EMBEZZLEMENT.

Rathbone made numerous trips accompanied by his family, and his expense accounts covered the entire expense of his family. The report also calls attention to a warrant for $500, drawn by Rathbone June 30, 1899, for which no accounting was made, and another warrant drawn in May of the same year. It says: "These stands against him, therefore, the charge of unlawfully appropriating $1,000 of the Cuban postal funds for his own use."

The report also calls attention to many large expenses by Rathbone for which no vouchers were filed, although they could have been easily obtained. Such items as "repairs, $250," "freight, $450," appear.

Regarding collusion between Neely, Rathbone and Reeves the report says: "General Rathbone has been engaged in the government service many years. For him to approve such accounts renders him equally guilty with Neely. The total amount of these miscellaneous expenditures was $6,200. A part of this was probably legitimate, but a large part was doubtless fraudulent expenditure, for which Rathbone, Neely and Reeves are equally responsible."

The report finds that Rathbone's expenditures in the payment of debts and living expenses were much in excess of his salary; that in September and October, 1899, within thirty days after the destruction of the surcharged stamps, Rathbone paid over $3,000 indebtedness.

RECOMMENDS REMOVAL.

The report closes as follows: "Director General Rathbone maintains that he is innocent of wrong doing. Granting that what Director General Rathbone states is true, he convicts himself of the grossest carelessness in the administration of the affairs of his office or of an utter incapacity to comprehend its duties and responsibilities. But carelessness cannot account for the drawing of fraudulent per diem, unwarranted personal expenditure from the postal revenues, nor for the cashing of warrants and a failure to account for the money received thereon.

"Whether Director General Rathbone was guilty with Neely in the embezzlements endeavored to be covered up by the destruction of surcharged stamps is at this time a question more of opinion than proof, but there can be no doubt that in the matter of the per diem, personal expenditures and the warrant which were cashed and the money unaccounted for he lawfully and fraudulently appropriated to his own use money from the Cuban postal revenues. Neely, Reeves, Thompson, Meyer and Mercurio are now under arrest and Rich is held as a government witness.

"From the information obtained by this investigation, which I have endeavored to set forth in the foregoing pages, it is my belief that I was justified in recommending the removal of Director General Rathbone from office, and I further believe that he should be required to answer for fraudulently and unlawfully appropriating to his own use moneys from the postal revenues of Cuba."

LABOR DAY PROGRAM.

The committee of the Trades and Labor Council in charge of the Labor day celebration held a meeting Wednesday evening to hear the reports of various sub-committees. The ice cream social committee reported a profit of $60 from the social held some time ago. Ed. Millet was appointed to solicit for the Labor day program. The amusement committee was voted $250 for the attractions at Swinney park, exclusive of bands. There will be nine performances, aerial wire work, balloon ascension and parachute drop, high diving, tight wire bicycle acts and others. The committee on parades reported thirty responses from business men, although the circulars have been out but three days, and the parade promises to be a big one. There will be a number of speeches by local speakers, and efforts are being made to secure a number of prominent speakers from out of town.

WAS IT A MIRACLE?

"The marvelous cure of Rena J. Stout of consumption has created intense excitement in Cammack, Ind.," writes Marion Stuart, a leading druggist of Muncie, Ind. "She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured." It has cured thousands of hopeless cases, and is positively guaranteed to cure all Throat, Chest and Lung diseases. 50c and $1.00. Trial bottles free at Dreier Bros.' drug store.

Railway freight rates in Austria-Hungary have been advanced sharply, on the ground that the rise in coal has unduly increased operating expenses.

OPINIONS OF BUSINESS MEN

Rev. E. W. Allen's service at the Temple theater on Sunday evening will be full of interest for every one, especially business men. Mr. Allen has addressed two questions to many of the business men of Fort Wayne first, "Why do so many men of good moral and business standing maintain an attitude of indifference toward the church?" and second, "Do you think, in view of our present methods of business, that a man can be a conscientious Christian and at the same time succeed in business?" Rev. Allen has received many replies to these queries, which have been sent with great candor. Many of these will be read at the Masonic Temple Sunday evening. Mr. Allen accepting the confidence reposed in him by withholding all names. The answers will reveal some strong and positive convictions which many business men today have with reference to the church. The people at the Temple next Sunday evening will be given an opportunity to hear these opinions of the business men of Fort Wayne and consider how many of them reveal the truth.

The Fort Wayne people yesterday administered the sixth consecutive defeat to Fort Wright's last year's champions. Playing at New Castle last Friday, the teams have played six games, every one of which has been a victory for the Hoosiers simply because the latter's is the strongest and supplied the champions at every point. Otto Krueger went home Tuesday evening on a day's visit and this gave Lauder a chance in the lineup today. Hollingsworth going to short, Bushelman to second and Kleinow to first. Hollingsworth especially played wonderful game, accepting eleven chances without an error. Bushelman did well at second and Kleinow was not a failure at first, although he did forget to touch a base runner and play straddling the bag when Brashear threw to him. But as Colgan gave the nut Kleinow's directions to Fort Wayne nothing. New Castle, however, would have had one more run had Colgan given the right decision. Harper and Fisher pitched effective ball. The Quakers' errors counted in every while Harper had one bad inning.

Fort Wayne made three runs in the first inning on singles by Letcher and Miller, Fisher's error of Miller at second, Bush Shiel's error and Hollingsworth's two-bagger. In the third Doggie Miller scored on two errors by Kerns and two outs. The fifth was a repeat of the fifth inning, when Bushelman doubled and was out at third on Miller's hit. "Doggie" Lauchang scored while Brashear was making the error. He scored on Bellman's hit.

New Castle made two runs in the seventh on Kerns on balls, a two-bagger and three singles. Score:

NOTES OF THE GAME.

"Whitey" Guese will pitch the game Sunday for Youngstown against Fort Wayne.

Tim Flood will rejoin the Cleveland tomorrow and resume play at second base.

Steve Griffin will probably finish the season with Jack Glasscock's Sioux City team.

The Standard base ball club will give a social this evening at the ball grounds, corner of High and Sherman streets.

Rube Waddell has been farmed to Milwaukee and Jouett Meekin has been released by the Pittsburg management.

Dick Smith, the fast Fort Wayne amateur, sat on the New Castle bench in uniform yesterday ready to go behind the bat if Latimer was compelled to quit.

Hollingsworth has all the players in the Inter-State beaten as a general player. His fielding work this season has been simply phenomenal and as a catcher he has few superiors.

Stahl made two hits yesterday, but his only fielding chance was an assist. Boston scored thirteen runs in the first inning. The record for runs in one inning was made by Chicago fourteen or fifteen years ago—fourteen.

A big benefit is being arranged for Harry Weldon, sporting editor of the Cincinnati Enquirer. There will be a ball game between members of the theatrical and newspaper profession and sparring matches participated in by all the champions of the prize ring. Mr. Weldon is still confined to his home and friends expect to realize a big sum of money for him.

The Toledo correspondent of the Cincinnati Enquirer says: "Instead of offering sympathy to Toledo, Dayton may need all her surplus sympathy for herself inside of the next two weeks. Both Toledo and Fort Wayne are thundering on the heels of the Old Vets, and Wheeling is close in the procession, so look for Dayton's trouble. Her pitchers cannot win always for her. The heavy batters in the opposing teams will learn to solve the mysteries of her pitchers, and then it is all off. Just watch my prediction and see if Toledo and Fort Wayne don't gallop past Dayton in a canter in the next two weeks, and possibly Wheeling. To hear Dayton crow a person would imagine they had already won the pennant, when they are liable to quit the season no better than fourth. The Dayton people will have to reckon with Fort Wayne for that pennant, even if Toledo is not out of the running. The outlook as it now stands is that Toledo and Fort Wayne will be the teams who will engage in the great and desperate struggle for the pennant. The Hoosiers are the gamest lot of ball players in the league, and never say die."

THE MARKETS.

Chicago, July 26.—Trade in wheat during the forenoon was quiet, but the market, which opened firm under the encouragement of a high Liverpool market, turned quite weak. Southwestern interests sold on the expectation of heavy receipts of winter wheat and local traders let go on the lack of outside demand. September opened ¾c to ⅞c to 1⅛@1⅛c higher at 75¼c to 76c and sold off steadily to 74¼c. Receipts here were 135 cars, 32 of contract grade. Minneapolis and Duluth reported 235 cars, against 234 last week and 382 a year ago.

An improvement in the cash business helped the market later. September, after sagging to 74¼c, recovered to 75⅛c and closed firm, ⅛c over yesterday at 75⅛@75¼c.

Corn was quiet and rather irregular. September opened a shade lower at 37⅛c to 37⅜c, touched 37⅛c, declined to 37⅛c and recovered to 37⅜c. Country offerings were light and holders disposed to hang on. Receipts were 302 cars.

The closing was firm, September a shade lower, at 37⅛@37⅛c.

Oats were quiet and easier in sympathy with wheat. September opened unchanged at 23c and sold off to 22½c, where the market met support. Receipts were 145 cars.

There was a light trade in provisions during the forenoon. The market drew a tone of uneasiness from the large receipts of lower prices at the yards. September pork opened 10@10½c under yesterday at $11.45; sold at $11.67½ and sold off to $11.55; September lard opened 2½@5c lower at $6.70@6.72½, rising later to $6.87½, and September ribs 2½@5 down at $6.85@6.87½, dropping to $6.82½.

THE CLOSE.

Prices at the close were as follows:
Wheat—July, 74½c; Aug., 74½c; Sept., 75@75¼c.
Corn—July, 37½c; Aug., 37⅜c; Sept., 38⅛@38⅜c.
Oats—July, 22c; Aug., 22¼@22½c; Sept., 22½c; No. 3 white, 24c.
Pork—July, $11.50; Sept., $11.65.
Lard—July, $6.65@6.67½; Sept., $6.65@6.70; Oct., $6.72½; Nov., $6.65@6.67½; Dec., $6.62½; Jan., $6.62½.
Ribs—July, $6.80; Sept., $6.82½@6.85; Oct., $6.77½@6.80; Jan., $6.80.
Flax—Cash, $1.50; Aug., $1.49½; 1.14½; Sept., $1.08; Oct., $1.35½.

CHICAGO LIVE STOCK.

Chicago, July 26.—Cattle—Receipts, 9,000, including 1,400 Texans; market steady to strong. Good to prime steers, $5.25@5.85; poor to medium, $4.50@5.10; stockers and feeders, active and steady, $3.00@3.85; cows, $3.00@4.65; heifers, $3.50@5.15; canners, $2.00@2.90; bulls, $2.75@4.60; calves, $3.50@6.50; Texas fed steers, $4.35@5.20; Texas grass steers, $3.40@4.25; Texas bulls, $2.50@3.40.

Hogs—Receipts today, 27,000; tomorrow, 14,000; left over, 5,035. Market 10c lower, closing weak, top, $5.30. Mixed and butchers, $5.00@5.27½; good to choice heavy, $5.05@5.30; rough heavy, $4.90@5.00; light, $5.05@5.30; bulk of sales, $5.12½@5.25.

THE DAY ON WALL STREET.

New York, July 26.—Selling to realize was still in evidence this morning and added to sympathy with the London depression. This caused fractional declines in the majority of stocks. Baltimore and Ohio and the New York Central led the downward course. There were a few exceptions on the side of gains, and the offerings were in small volume. Union stocks here were under the influence of the opening figures. Metropolitan Street Railway broke 2½, but rallied strongly when Sugar, Tobacco and Brooklyn Transit moved up above last night. Business became more marked on the rise and the gains were well held.

Although the buying demand was at a minimum and confined to a few specialties, the bears made no efforts to depress prices. Towards midday there was a sensational rise in Sugar, Tobacco and Brooklyn Transit, but it was merely a bid. These stocks absorbed all the speculative interests of the forenoon.

Bonds were sluggish and unsettled.

THE MONEY MARKET

New York, July 26.—Money on call is nominally at 1@1½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange steady at $4.87½@4.87¾ for demand and at $4.83½@4.83¾ for 60 days; posted rates, $4.83½@4.85 and $4.88½; commercial bills, $4.83@4.83½; silver certificates, 61½@62½c; bar silver, 60½c; Mexican dollars, 48c.

THE "T" RAIL FOR LAKESIDE

JUDGE BAKER'S DECISION IS AGAINST THE CITY.

May Order Flange Rail Laid West of the Bridge Judge Says City Must Be Reasonable.

City Attorney Shambaugh and Hon. J. M. Barrett, attorney for the Fort Wayne Traction company, came from Indianapolis, where they yesterday appeared before Judge Baker, of the United States court, and argued the rights of the city in the matter of relaying the rails on the Lakeside street railway. Mr. Shambaugh was desirous of filing an intervening petition and thus have the city made a party to the suit, but Judge Baker would not receive the petition until it was shown that the city would be injured by the laying of the "T" rail. He heard the arguments submitted by the attorneys for both sides and finally announced that he would not change the order for a "T" rail as far as Lakeside was contemplated, intimating that it would be many years before traffic in that part of the city would be large enough to endanger the movements. As to the tracks west of the bridge, Judge Baker said he would hear more evidence. He stated that he would not consider the groove rail, but would give the city five days in which to show the character and benefits of the flange rail. The judge agreed with Mr. Shambaugh in his contention that the section of the franchise referring to rails meant that the board had a right to determine the kind of rail when relaid, but held that the board must be reasonable. If there was some new rail which cost two or three times as much as a first-class rail he did not believe the board had a right to order the use of the new rail unless it was demonstrated that it was much better than the old and the interests of the city demanded the change. He said, too, that he was inclined to rule in favor of the city if it could be shown that a better rail than the "T" rail was necessary, but in his investigations he found that nearly thirty miles of "T" rails had been laid in Indianapolis during the past few years and he was of the opinion that the Indianapolis officials were as careful of the interests of its citizens as were the officials of Fort Wayne.

No decision was reached as to the rail to be laid west of the bridge and an order was made that no rails be laid west of the bridge until the court had heard evidence on the flange rail. Mr. Barrett informed the court that the company had already purchased "T" rails, and Judge Baker answered that they were purchased too soon, in fact, before the order for the improvement was made by the court.

City Attorney Shambaugh informed The Sentinel this morning that he would bring the matter to the attention of the board of works at its regular meeting, tonight. He did not know what action would be taken, but it is probable that the board will secure evidence as to the necessity of flange rail and submit this evidence to Judge Baker next Monday. The one fact settled yesterday was that the "T" rail will be laid in Lakeside.

It cost $18 for a couple of citizens of Guthrie, Oklahoma, to settle a few the question of a difference of 5 cents. While deciding for the [illegible] the court assessed the $18 equally between the parties. But that is not the end of it. The plaintiff has appealed his case.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS. PINKHAM: I am a great sufferer. I have much trouble through the lower part of my bowels, and I am writing to you for advice. Menses are irregular and scanty. I am troubled with leucorrhœa, and I ache so through my back and down through my loins. I have spells of bleating very badly. Sometimes will be very large and other times very much clotted. Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine, Nov. 10, 1897.

Improvement Reported December, 1897

"DEAR MRS. PINKHAM: I wish to let you know that I am improving in health. I am very sure it is better than when I wrote before. The trouble from which the lower part of bowels is a general feminine weakness. I have very much trouble through the abdomen before I use it. I find Pinkham's Vegetable Compound. I will have a feeling of fullness gone in about. I have used three bottles and one package of the fourth. Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM: Since winter now I have been taking your medicine, and am now strong and enjoy good health. I have not been so well for three years, and feel very thankful to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I would advise all sick women to [illegible] make troubles to write to me. — Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine, June 7, 1899.

Mother's Love

Is boundless. Yet it is utterly helpless to give strength to the child born with a low vitality. The time to give strength to the child is before birth and to impart this gift the mother herself must be strong. Dr. Pierce's Favorite Prescription gives strength to mothers. It prepares them in robust health in the months before baby comes. It practically does away with the pains of motherhood, and enables the mother to endow her child with a healthy body and a happy disposition. "Favorite Prescription" contains no alcohol and is absolutely free from opium and cocaine.

"I take pleasure in writing you to tell you what your medicine has done for me," writes Mrs. Mary Murdock, of Lyon, Lyon Co., Kansas. "I had been sick for about two years. I had the misfortune to have a miscarriage, one being the fourth one. Also had two premature births, one lived only one year old, the other was born dead. I tried different doctors but none of them could tell what my trouble was. I was examined by several, but they found nothing wrong. I did not know what to do, so I thought this last time I would try Dr. Pierce's Favorite Prescription. I took it three months and now have a fine baby girl, and I am not sparing your medicine praise for the good it has done me."

Dr. Pierce's Pellets cure heartburn.

JUMPED OFF TRAIN

J. E. ZEUBLINE MAKES A FEARFUL PLUNGE.

DROPS BETWEEN THE CARS

NEAR BUCYRUS AND IS INSTANTLY KILLED.

FREIGHT HOUSE FOREMAN

HARRY J. ACKER WILL SUCCEED E. T. DAVIS.

A passenger on westbound Pennsylvania train No. 21 deliberately plunged to his death two miles east of Bucyrus, O., this morning, while the train was running at the rate of fifty miles an hour. The unfortunate man was J. E. Zeubline, general manager of the Chicago Telephone company, and his act was evidently that of intended self-destruction. He had been east and in company with his wife was en route to his home, apparently in good health and spirits. Mr. and Mrs. Zeubline had just finished their breakfast in the dining car when he arose and started for the sleeper. When he reached the exit he opened the vestibule door and plunged head foremost to the ground. The deed was witnessed by the porter and some of the passengers and Conductor Ginty was notified. That gentleman immediately stopped the train, picked up the lifeless body of the man and took it to Bucyrus, where it was turned over to the coroner. The body fell in a manner to escape the wheels and was not badly mangled, though it is believed that death was instantaneous. Mrs. Zeubline is nearly crazed with grief and is utterly unable to account for the deed. After the coroner holds an inquest the remains will be taken to Chicago for interment.

NEW FREIGHT HOUSE FOREMAN

Harry J. Acker, who is to succeed E. T. Davis as Pennsylvania freight house foreman, arrived in the city last evening and is now being introduced to the patrons and attaches of the department, prior to assuming the duties of his new office next Wednesday, when Mr. Davis becomes foreman of the company's Indianapolis freight house. Mr. Acker comes from Altoona, where he was the general foreman of the freight house. He has had considerable experience in this line of work and has been in the employ of the Pennsylvania railroad many years. Before going to Altoona he worked in the freight department at Philadelphia fourteen years. Mr. Acker says he will bring his family here as soon as he can find suitable quarters for them.

INSPECTING THE PROPERTY.

W. H. Marshall, superintendent of motive power of the Lake Shore and Lake Erie and Western; William White, general master mechanic of the Lake Erie and Western, and I. T. Boles, traveling engineer of the latter line, are out on an inspection of the property. They arrived here yesterday afternoon and spent the night here, minutely inspecting the shops and yards last evening and this morning. They left this morning for Peru, over the Wabash road, and will inspect the company's property in that city and elsewhere.

A NEW RESORT.

Col. R. G. Thompson this morning had posted about the country advertising matter for the new resort on the Wabash line, Island Park, which is situated about two miles below Definance, Ohio, on the Maumee river. Hereafter this resort will compete with other similar places within easy reach of Fort Wayne for favors from those seeking pleasure. The Wabash will make a special rate Sunday, the opening day, and will run a special train to Island Park on that occasion.

WINONA EXCURSIONS.

The Pennsylvania sent out two big special trains from this city this morning to carry excursionists to Winona Lake. The first train, ten coaches and a baggage car, which carried the Columbia City Sunday school scholars, the teachers and parents of the children, left here at 6:10 o'clock, in charge of Conductor C. A. Ellenwood and hauled by engine 114, with Engineer Daniel W. Rhoades and Fireman George Vessett in the cab. The second train consisted of twelve coaches and a combination car, in charge of Conductor James Rowan. It was hauled by engine 217, with Engineer C. F. Somers and Fireman H. L. Kennedy in the cab. This train took on the Bluffton excursionists at the junction. The company also had a special train from Ada to carry an excursion party to Lima, where they took the Cincinnati, Hamilton and Dayton road for Toledo.

MR QUICK EXPLAINS.

O. M. Quick, who is here for the purpose of securing men to work upon a railway in Wyoming and Colorado, called at The Sentinel office this morning to state that he has been misrepresented in the city. He denies the assertion that he is employing minors without the consent of their parents or guardians, but says that occasionally, though misrepresentation of the young men, cases of this character happen. Mr. Quick says that the company he represents will do just what it promises and letters from those who have gone out there to work substantiate this statement. The company is engaged in building 1,300 miles of railway in Colorado and Wyoming, included being six immense tunnels, and it will require two or three years to accomplish the work. The men who go there to assist in it, Mr. Quick says, are guaranteed steady work for two years. Harry Stephens and H. Waltmer resigned positions in the Bass machine shop this morning for the purpose of going to Wyoming to work on the road.

A FINANCIAL SUCCESS.

The recent excursion to Robison park given by the Fort Wayne Electric Relief Union, proved to be quite a financial success, notwithstanding the fact that making money was the least desideratum. The boys were after pleasure alone, but the handsome increase to the benefit fund of the union is not at all objectionable.

INDUSTRIAL NOTES.

George Wagner and J. P. McCleary Pittsburg brakemen, have taken a week's lay off.

H. P. Compton and S. W. Wass Pittsburg conductors, resumed work yesterday after a short absence.

William Madison, foreman of the lathe department of the Pittsburg shops, is confined to his home by sickness.

L. E. Williamson, a Pittsburg brakeman, is quite sick at his home and will be unable for duty for several days.

Two big generators, one for Marion, Ind., and the other for Denver, Col., were tested yesterday at the electric works.

Mr. and Mrs. Ed Tenny have gone to Chicago for a few days' visit. He is employed as a fireman on the Pittsburg road.

George Freeby, who had been sick a week or two, resumed his clerical duties at the Wabash freight house this morning.

The Pennsylvania railroad shops at Pitcairn are being extended by the enlargement of the blacksmith and machine shops.

William F. Meyers, of the Siemens-Halske works, Chicago, is visiting his father, F. C. Meyer, of the Pittsburg machine shop.

Boilermaker John Cleary has returned from the Wabash railway hospital at Peru and is again on duty in the shops in the city.

Mrs. Riley, wife of the Grand Rapids and Indiana conductor, and her daughter, Miss Eldora, have returned home after a visit in Grand Rapids.

The Chicago and Rock Island has extended its harvest excursion date into September, which means that its competitors will take similar action.

The Fort Wayne Electric company will soon install a lighting plant at Gallatin, Tenn., for which the machinery is now being loaded for shipment.

Jeremiah Delo, who has been agent of the Pennsylvania road at Altoona, has been retired on the pension plan. He had been in the service of the company on July 1 forty years.

Fred Moser and Carl Schlautte, who are engaged in special work at the electric works, have adopted a special style hat to distinguish them from the other workmen at the factory.

A. T. West, operator at the east yard office, is on his trick again after several days' absence, and E. R. Neeley, who had been working in his place, has resumed his place in the night force.

J. Boone, after a few days' illness, has returned to his work in the Pittsburg shops.

Jacob Waldschmidt, of the Pittsburg shops, resumed his place this morning after a three days' sickness.

Mrs. George Ebner, wife of the Pittsburg wreck foreman, is slightly improved, though still quite sick.

Edward, the son of Boilermaker J. F. Sullivan, of the Pittsburg shops, left this morning for South Bend, where he will visit relatives for awhile.

Otto Stoll, of the Bass blacksmith shop, had an eye injured yesterday and will be off duty a few days. Richard Reinking, of the same shop, is off duty on account of sickness.

Leo Cavanaugh, of the Wabash machine shop, is suffering with a wounded eye. A piece of steel lodged in the optic yesterday and Dr. M. F. Porter was called to remove the metal.

C. Aumann, W. E. Wattenbee, E. B. Moore and A. Viland, of the Pittsburg shops, are sick and off duty.

A. Tasler, of the tank shop, is taking a day off to attend to private business.

The Indiana, Illinois and Iowa Railroad company, which purchased the northern end of the Vandalia line, between South Bend and St. Joe, has secured a franchise from Benton Harbor for terminals.

Conductor John Hibinger and Brakeman James Hamilton, who were on a fishing expedition, resumed their duties on the Nickel Plate yesterday.

Brakeman C. H. Rice, of the same road, reported for duty after being on the sick list.

M. B. Robinson, yard foreman at the Wabash shops, is somewhat crippled, though still on duty. A few days ago he had his right hand slightly injured and later got poison in the wound. The member is terribly inflamed and swollen.

Conductor Quivey, who had been with the steam shovel on the southern division of the Grand Rapids and Indiana road for five or six weeks, has turned the machinery over to the northern division, where it will be placed in service at Kalamazoo.

The Grand Rapids and Indiana passenger trainmen have received new uniforms. The lapel piece is a keystone, the emblem of the Pennsylvania, and the monogram, G. R. & I., is on the lower portion of the keystone. It is a very pretty design.

An effort is being made by the Vandalia to adjust the damages resulting from the recent serious accident at Binghurst, in which a Vandalia engine killed four people and injured a fifth seriously. The administrator of the estate has threatened to sue for $25,000 damages.

Contractor H. W. Tapp said this morning that another week would witness the close of his work on the double track portion of the Pittsburg road. This has been one of the most extensive contracts of recent years in this part of the country and Mr. Tapp has rounded it along in a most creditable manner.

Officials of the Baltimore and Ohio have issued orders that all passenger men must report thirty minutes ahead of train leaving time and to be uniformed, ready to receive passengers fifteen minutes ahead of time for the train to depart. The practice of putting up flags and markers after commencing to receive passengers is to be abolished.

Engine 201, known by the Nickel Plate employes as house engine, because it is employed in switching at the warehouse, has gone to the shops at Stony Island for repairs, and engine 40 has taken the vacated place in the service. Road engine 23 has also gone to the shops for a general overhauling.

Engineers J. E. Quinn and William Haenel, of the Nickel Plate; Mrs. Quinn, Mrs. Haenel, Miss Romey Miss Agnes and Charles Haenel, who formed a pleasure seeking party to Detroit and the resorts thereabouts, returned home yesterday. They were very successful in their object and say they never enjoyed a more pleasant trip.

A large and powerful express passenger engine has just been completed by the shops of the Pennsylvania at Altoona. It will be known as class E-2, and if its performance is satisfactory more will be built of the same type. The driving wheels are eighty inches in diameter, the cylinders 20½x26 inches and the firebox is unusually long and wide.

The men employed in the several shops of the Southwestern system of the Pennsylvania company lines will hold an athletic tournament at Terre Haute August 25. The railway company will provide the employes with transportation for themselves and the immediate members of their families, and also with special trains wherever such service is necessary. It is expected that several thousand people will attend the event.

Many friends in this city of Mrs. E. E. Rogers will be pained to learn that that lady is dangerously ill and was taken from her home in Tipton to a hospital in Indianapolis today for a surgical operation of a most difficult character. The lady is a sister of Mrs. B. F. Stonecifer who will go to Indianapolis tomorrow to remain until the crisis passes. Mr. Rogers is a conductor on the Lake Erie and Western road. Five years ago he was employed in that capacity on the local freight department on the Fort Wayne end of the line and lived in this city. He and his estimable wife are well known here.

The experiments of the Baltimore and Ohio Railway company to test the atmospheric resistance in impelling the motion of a fast running train were in the main quite satisfactory. With an engine, tender and six cars, with all external projections and obstructions removed, the company's ordinary fifty-seven-ton engine with seventy-eight-inch driving wheels and twenty by twenty-four inch cylinders ran from Baltimore to Washington, forty miles, in thirty-seven minutes and thirty seconds. The five miles between Alexandria Junction and Trinidad were covered in two minutes and fifty-five seconds, or at a speed of 102.8 miles an hour; a distance of 20.1 miles, part up grade, was covered at an average speed of 78.6 miles an hour. The Baltimore and Ohio people claim that this is the world's record of railway speed.

LISTEN TO PAPERS.

Indianapolis, Ind., July 26.—The eighth annual meeting of the United States League of Building and Loan associations came to a close today. The final session was called to order in the senate chamber at 10 o'clock this forenoon by retiring President Fitzmorris and proceeded immediately to the hearing of papers. As the league was anxious to close its business session early there was little discussion on the papers. Julius Stein, of Chicago, spoke on "Obstacles Encountered by the Building and Loan Associations." A paper by Carroll D. Wright, United States labor commissioner, was then read. Mr. Wright was unable to be present. Judge Seymour Dexter, of Elmira, N. Y., to whom the league yesterday presented a loving cup, followed on "Evolution in the Systems on Which Building and Loan Associations are Conducted in the United States." Gerald Fitzgerald, of Grand Rapids, Mich., read a paper on "General Principles of Building Association Laws Settled Within the Year."

AN INDIAN M. E. PREACHER

REV. JOHN S. KEWEYGESHIK, OF THE OTTAWA TRIBE.

Through Him His Tribe Will Receive Religious Work Every Sunday.

Street Church

Rev. John S. Keweygeshik, an Indian preacher, was in the city on Wednesday, and last evening attended the weekly prayer meeting held in Berry Street M. E. church, where he made a brief address, and prayed in the language of his tribe. Rev. Keweygeshik is an ordained preacher of the Methodist Episcopal church, has received a good education and is well posted on the questions of the day. He is returning from Washington, D. C., where he has been since February in the interests of his tribe, the Ottawas, who live on a big reservation near Petoskey, Mich. In the year 1807 a treaty was negotiated with this tribe, which was then much larger than it is at present, whereby it was to receive $5,000,000 for a part of the lands owned by them, which was opened up by the government. Since that time the Ottawas received no money, and although repeated attempts have been made by them to collect it, they were unable to do so. Rev. Keweygeshik, however, has at last succeeded in getting the ear of the proper authorities, and at the next session of congress the sum of $100,000 will be voted them, being the principal and interest for forty-three years. There are 380 men, women and children in the tribe, and they will each receive about $331 1-3. Rev. Keweygeshik states that the members of his tribe are Christians and have attained an advanced state of civilization. Their principal industry is farming. With the money they will receive next year they intend to make a large number of improvements in the reservation, and they will improve the facilities for the education of the children of the tribe. Rev. Keweygeshik left at midnight for his home.

The hot weather has melted the price of our linen suits $4 and $5 to $2 and $2.50.

INSURANCE MEN'S SESSION

INDIANA AGENTS OF OHIO FARMERS AT WINONA.

Election of Officers is Disposed of and a General Good Time Was Enjoyed.

Winona Lake, Ind., July 26.—The Indiana Agents' association of the Ohio Farmers' Insurance company adjourned Wednesday afternoon after a two day's session at Winona Lake, it being their sixth annual convention. The following officers were elected: President, J. Parmenter, Wabash; vice president, M. W. Moore, Huntington; secretary and treasurer, R. F. Scudder, Rushville. The new executive committee is: W. C. Burdette and C. W. Oaks, Indianapolis; George N. Cobb, Muncie. The convention will be held next year in Indianapolis. Over 100 members with their wives and lady friends, were present, and many will remain a week or so to enjoy a pleasant outing at Winona.

Senator James M. Barrett, City Attorney Shambaugh, Attorney Alden and Colonel Scott, manager of the Fort Wayne street railway, all of Fort Wayne, came down to Winona yesterday to spend a pleasant day, en route to Goshen, to conduct an important law suit.

Mrs. Sam P. Jones, of Cartersville, Ga., with her two daughters, Misses Laura and Julia, arrived at the Winona hotel last evening to meet their husband and father, Sam Jones, the great evangelist.

Mrs. S. A. Kain, the Fort Wayne poet, came down to join her husband and hear the Jones lectures.

There were over 600 gate admissions yesterday, not counting the thousand or more excursionists.

The star of the assembly program so far was Sam P. Jones, who drew to the Winona Auditorium two of the largest crowds of the season. Special excursions were run from a dozen points and there were several thousand visitors on the grounds during the day, most of whom came to hear the great evangelist. Over two thousand were in and about the Auditorium when he delivered his lecture, "Manhood and Money," and even a larger crowd hovered in and about the great hall in the evening to hear his "Battles of Life and How to Win Them." Both of his lectures yesterday were upon similar lines of thought. They were appeals for higher manhood and womanhood, which, he said, depend not upon religion, but character.

Thursday afternoon Charles F. Underhill, the celebrated reciter, reader and impersonator, will give "Rip Van Winkle." Mr. Underhill is one of the greatest artists in his line in the country and his monologue rendition of the famous Irving-Jefferson "Rip" is pronounced by the critics and newspapers as exceedingly fine, indeed. Mr. Underhill will give the celebrated "Rivals" Friday night.

Tomorrow evening Hon. S. F. Fish will lecture on "Japan and Japanese."

At 10 o'clock this morning a train of eleven coaches pulled in from Bluffton, Ind., via Fort Wayne, bringing 800 people in a reunion Sunday school picnic to Winona. An excursion with about 500 persons came in from Columbia City to spend the day. There were fully 2,000 visitors to Winona today, besides the thousand or more here for the summer, and there were over 3,000 admissions yesterday.

Some call them pantaloons, others call them pants, while many call them trousers. We call them dirt cheap at 10 per cent. discount. Eight more days of our sale.

A Conspicious Feature

Of every lady's toilet is her hair. If it isn't properly or tastily arranged it is noted at once. How important that your hair should receive the very best of care and be properly attended to. It needs the work of the hair dresser to stop the falling out, breaking or coloring. You should not neglect it. A call will convince you.

Our Ranney Refrigerators.

You have, of course, heard about these wonderful goods. The rapid increase in the sale of them in this city is almost marvelous. Now how is this accounted for? Is it simply good luck? Certainly it is progress. We believe it is accounted for from the fact that our refrigerators are built on honor, built to last, and built to sell. A poor "Lapland" or a poor "Manitou" Refrigerator was never known. It is acknowledged by all that we have the best refrigerator for a small amount of money. This, we think, is the secret of our success.
